NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The people of Hamlin are being called upon Saturday to make another big decision concerning the future of Hamlin. Do you want a hospital in Hamlin or not? If you do then you must turn out and vote for the \$500,000 bond election.

While we can't predict the outcome of the election, the one thing that we can predict is that those who oppose our having a hospital will be out in full force. We have no idea how many times we have tried to convince everyone that their vote is important but this is one time that you can not stay home and let someone else make the decision for you.

Sure, it will cost you more money than you would like to pay, but what else doesn't? While it may seem like \$1,000,000 is a lot of money to spend remodeling and equipping a hospital, remember that Fisher County is spending \$2,250,000 to build a 30-bed hospital while we will end up with a 34-bed hospital for less than half the money.

While there seems to be some grumbling now about the medical services available now because we only have two doctors, remember that our only hope of getting more doctors is to provide better facilities. Without making these improvements in our present facilities we likely would find ourselves without any doctors.

Barring family ties or other reasons most doctors are going to go where the facilities are the best and the opportunities are the most rewarding. Whether you like it or not that is what you have to compete with and it takes money to compete.

At a recent press convention, we do not know how many publishers talked to our son Darrell about coming to their city when he graduates, but they were all wanting additional doctors in their communities. And Darrell is just entering Med School this fall.

Probably many people are wondering why it is necessary to ask for an additional \$500,000 in bonds this time. Well, in the first place, the board made a mistake in not asking for enough the first time, and does not want to have to come back another time. It is much easier to vote for more bonds than you need and not use them than it is to have to come back the third time.

With inflation still running unchecked, it is possible that it will take all of the \$1,000,000 before the job is finished. Of that \$1,000,000, it will take \$650,000 to take care of the building needs at today's prices, added to that is about \$200,000 in equipment.

This leaves about \$150,000 to take care of inflation and maybe to build a new clinic to replace the existing one that is being absorbed into the hospital.

At the present time the clinic part of the project is still a guessing game because no one knows how much money might be available after the bids are let for the hospital.

We know that there are those who would oppose the district building a clinic but there again we must remember that we have to go out into the open market and compete for doctors and communities all across the state are building clinics, many offering them rent free.

To us the most important thing to remember is that it will be your friends and neighbors who will be making the decisions on spending this money and they don't like to pay taxes any more than you do. They have spent long hours studying every angle of this issue and explored every possible course of action and have come to the con-

ON HOUSTON FLIGHT—Jim Watson and his mother, Mrs. W. M. Watson, were flown to Galveston Tuesday by North's Funeral Home air ambulance from Abilene where Jim had a kidney transplant operation that evening. The attending physicians at John Sealy Hospital termed the operation a success. He will be in intensive care for several days. (Abilene Reporter-News photo by Don Blakley)

FUND STARTED HERE—

Watson's Kidney Surgery Tuesday Said Successful

Jim Watson, 27, son of Mr. and Mrs. W. M. Watson, is in intensive care at John Sealy Hospital in Galveston after a kidney transplant operation there Tuesday evening. He is expected to spend two weeks in the hospital in recovery.

A special fund to aid the family with medical expenses has been started by friends in Hamlin. Donations may be made at Farmers and Merchants National Bank to the Jim Watson Fund.

Jim had been waiting hopefully to receive word that a possible donor matching Jim's blood type had been found. This word came Monday afternoon after he had waited almost a year.

He and his mother were flown by air ambulance Tuesday morning to

Galveston. The doctor at the hospital said as he left the operating room shortly after 7 p.m., "The kidney is in and he's doing just fine."

Doctors will check for signs of bodily rejection of the new organ. The Galveston doctor said that if the body accepts the new kidney, Watson will no longer need dialysis treatments.

Jim's physician in Abilene described his condition as a chronic sufferer of glomerulonephritis, once known as "Bright's disease," an inflammation of the

Motorists Reminded Of School

Hamlin motorists were reminded this week that with the start of school here Monday the Hamlin Police Department has begun enforcing the school zone speed limits and the one-way streets again, according to Chief Ed Wheat.

Wheat also urged motorists to drive with extra caution during the first week or two of school while the younger children are still learning to watch for traffic.

The one-way streets around the elementary and primary buildings are back into effect during the school hours—from 7:45 a.m. until 3:45 p.m., Wheat said.

Motorists are also reminded that the school zones around all school buildings are one block on each side of the buildings and the speed limit is 15 m.p.h.

Junior High enrollment is down three from last year with 205 reporting for classes this year. Of these, 75 are in the 6th grade; 61 in the 7th grade and 69 in the 8th grade.

High School has an enrollment of 239 this year as compared to 242 last year.

There are 66 in the 9th grade;

63 in the 10th grade; 61 in the 11th grade and 49 in the 12th grade.

glomerulus which filters waste products.

"The inflammation eventually destroyed the kidneys' ability to filter waste," he added.

Jim's kidneys were removed last September and he stayed at the hospital's kidney center until this past April undergoing lymph drainage to prepare him for a possible transplant.

After returning home he received dialysis treatments of about six hours each three times a week at Hendrick Memorial Hospital.

Jim was an auto mechanic before his kidney condition became serious two years ago. His father said that he had not been able to do much work because of the hookups in his arms and that he did not have much time because of the trips to Abilene.

Jim was notified Monday after a donor whose blood type matched his had been found. Jim's blood and tissue (antigen) type had been fed into a computer system in Galveston which enables possible matches with donors to be made. Further tests had to be made with the donor's "transplant antigens" to determine a perfect match.

After the Watsons were notified that the donor matched, friends made arrangements for Jim and his mother to be flown by North's Funeral Home air ambulance from Abilene. Mr. Watson took them to the airport and he drove on to Galveston.

Mr. and Mrs. Watson are staying with relatives in Galveston. They will be able to visit their son only briefly while he is in intensive care for several days.

Mr. Watson is employed by L. C. Bonds and the family lives on the Bonds farm in the Hitson Community, northwest of Hamlin.

A meeting of the Jones County Boll-Weevil Association will be held at the 66 Sirloin Cafe in Anson at 1:00 p.m. on Thursday, August 22, according to Tommy Brown, president.

Hospital Bond Vote Set Here Saturday

Qualified voters residing within the Hamlin Hospital District will go to the polls Saturday to vote on a \$500,000 bond issue for the purpose of remodeling Hamlin Memorial Hospital. The bonds would be in addition to the \$500,000 in bonds approved by the voters when the district was created in December, 1973.

The election will be held in the Conference Room at the Hamlin City Hall building with the polls opening at 8 a.m. and closing at 7 p.m.

All qualified voters residing within the district will be eligible to vote on the bond issue with those owning property within the district voting in one box and non-property owners voting in another box.

The Board of Directors of the District voted to call the bond election after receiving estimates of the cost of remodeling from the architect hired by the district, Don Hampton of Sweetwater.

The additional bonds are needed to meet the increased costs of remodeling of the hospital to meet federal and state requirements. Current estimates of the cost of remodeling has been set at \$650,000. In addition to this amount the district will need to spend an estimated \$200,000 on equipment to complete the hospital and bring it up to current standards.

Both figures are based on current construction and equipment costs and do not allow for any increases between now and the estimated start of work sometime after the first of the year.

A spokesman for the board of directors said that current plans call for the possible construction of a new clinic to replace the current clinic that will become a part of the hospital under the proposed plans for remodeling. Estimates of the cost of a clinic will be delayed until final figures are known on the cost of the hospital.

John Scarborough, board president, said that although the district is asking for \$1,000,000 in bonds only those bonds needed will be sold.

The projected tax rate for the total amount of bonds sought by the district would be 40 cents per \$100 valuation, based on 20 year bonds.

The board has given tentative approval to plans submitted by Hampton that call for reducing the hospital

from 42 beds to 34 beds. This includes about 5,000 square feet of new construction which will include a new kitchen, dining facilities, an emergency room, lab and X-Ray room, new mechanical room and a central lobby.

The remodeling of the present hospital building

would include two intensive care units, the nurses station moved to the present waiting room, two wards in the west wing and two rooms without private baths. The balance of the rooms would all have their own private bath facilities and all rooms would be increased in size to meet federal regulations.

The present air conditioning and heating system will have to be completely replaced and most of the plumbing must also be replaced. Oxygen and suction will be piped into each room as required by federal standards and a sprinkler system must be installed throughout the building.

In commenting on the increased costs of the remodeling, Scarborough pointed out that Fisher County, in their efforts to build a new hospital, were faced with the same problem and after receiving bids were forced to go back to the people to seek an additional \$750,000 in bonds. This will bring their construction costs of a 30-bed hospital up to \$2,250,000 as compared to \$1,000,000 for a 34-bed facility for Hamlin.

WITH SEYMOUR—

Barbecue, Scrimmage Scheduled Here Friday

Hamlin football fans will get their second good look at the Pied Pipers here Friday night as they scrimmage the Seymour Panthers, according to Coach David Bonds. The coaching staff appeared well pleased with the results of the intra-squad scrimmage held last Saturday evening.

The Pied Piper Booster Club will sponsor a barbecue supper at the football stadium Friday evening with serving to get underway at 6 p.m. Tickets are \$2.50 and are available from several of the club members, according to Bobby Moore, president.

Moore also announced that

the club will hold its first meeting of the new year Monday at 7 p.m. in the high school cafeteria. Plans call for reviewing the Seymour scrimmage film.

The scrimmage will start at 6 p.m. Friday with the Hamlin Freshmen and Junior Varsity teams alternating against the Seymour Junior Varsity. The two varsities will start their scrimmage at 7:30, Bonds said.

The Pipers will travel to Olney next Friday for their second scrimmage and then will open their season here Sept. 6 with Rotan. Season reserve seat tickets are now on sale at the high school for the five home games.

JONES COUNTY COTTON QUEEN—Melissa Madden, 16, Hamlin High School junior, was chosen Jones County Cotton Queen Friday evening during the Jones County Fair in Anson. Miss Madden is the daughter of Mr. and Mrs. Lewis Madden. The presentation was made at the pageant in Anson City Park. (Photo by Jerry Wallace)

PARTY HELD AT LODGE—Residents of Holiday Lodge observing birthdays this month were honored at a party Tuesday served by women of First Assembly of God Church. From left are Mrs. Carl Amburn, Mrs. E. W. Boatright, Jimmie Raney, Jewel Foust, L. E. Warnell, John Hayes, and Roy Hudson. Honorees not pictured are Lucille Welch, Cora Roach, James Jenkins, and Elmer Feagan.

Party Honors Residents At Lodge Tuesday

Nine residents of Holiday Lodge who celebrate birthdays during August were honored at a birthday party Tuesday afternoon in the dining room.

Party plans were made under the direction of Mrs. Robert Christian, new activity director for the lodge. Mrs. Christian spends 20 hours a week in activities for the residents.

The women of First Assembly of God prepared the cake and served refreshments. Serving were Mrs. E. W. Boatright, Mrs. Robert Spencer and Mrs. Carl Amburn.

Residents honored and their birth dates were Lucille Welch, Aug. 30, 1905; Jewel Faust, Aug. 4, 1907; Cora Roach, Aug. 17, 1894; L. E. Warnell, Aug. 4, 1904; James Jenkins, Aug. 20, 1907; John Hayes, Aug. 11, 1894; Elmer Feagan, Aug. 14, 1893; Jimmie Raney, Aug. 14, 1908; and Roy Hudson, Aug. 8, 1918.

HOLIDAY LODGE VISITORS

Mr. and Mrs. Gordon Brown of Rydewood, Wash., visited her mother, Mrs. Martha Proctor.

Jo Delaney and Cleo Wolf, both of Slaton, visited their cousin, Cloyce Jones.

Mr. and Mrs. John Hymer of Lamesa visited his mother, Mrs. Ruby Hymer.

Reynolds, Griggs Vows Exchanged In California

Mr. and Mrs. Dwight Simpson Griggs are residing in Santa Monica, Calif., following their marriage Aug. 3 in Glendale, Calif.

The bride is the former Louise Marie Reynolds, daughter of Dr. and Mrs. Joseph N. Reynolds of Glendale. Parents of the bridegroom are Mr. and Mrs. C. Weldon Griggs.

The couple was married at Glendale Presbyterian Church with Dr. Bruce Thielmann officiating.

Matron of honor was Mrs. Harry Laughary of Spokane, Wash., sister of the bride. Bridesmaids were Mrs. Robert Fisk of Chicago, Ill., Mrs. Mark Whelan of Oxnard, Calif., and Leslie Yerger of Coronado, Calif.

The bridegroom's parents hosted the rehearsal dinner at the Huntington-Sheraton Hotel in Pasadena.

Area Residents Attend Family Reunion Aug. 11

Mrs. V. E. Williams, Mr. and Mrs. P. D. Wheat, Mr. and Mrs. R. P. Williams, Mr. and Mrs. Ronnie Nelson, Mr. and Mrs. Jackie Williams, Mignon, Sonja and Mickey, and a guest, Mike Bailey, attended the 27th annual family reunion of the descendants of the late Cavett and Samantha Wilemon Aug. 11 in Arthur Miller Park in Breckenridge.

According to authentic family records, all families in the United States spelling their name Wilemon are related. All are invited to attend the annual affair.

Mrs. Park Wheat and Mrs. V. E. Williams are the only relatives that have attended all the reunions. Seventy-five persons attended this year.

The bride wore a gown of white silk jersey fashioned with long sleeves and a demitain. Her matching headress, a picture hat, was accented with a sheer rose. She carried white roses accented with blue.

The attendants wore blue halter gowns with sheer long sleeved jackets.

The bride's parents hosted a buffet dinner dance at Oak Mont Country Club.

The bride is a graduate of Herbert Hoover High School in Glendale and received the BA degree in Spanish and philosophy from the University of California at Santa Barbara. She was

Word Sherrill of Perryton.

Open House to Mark Tabb Anniversary Here Sunday

Mr. and Mrs. Monroe T. Tabb will be honored with an Open House hosted by their children and grandchildren Sunday in celebration of their 50th wedding anniversary.

Friends and relatives are invited to call from 2 to 4 p.m. at the couple's home, 31 Southwest Ave. C.

The couple has two children, Mrs. Marvin Pearce of Abilene and Monroe Ericson Tabb of McCamey, eight grandchildren and one great grandchild.

The children and grandchildren who will be hosting the event are Mr. and Mrs. Marvin Pearce and Twyla of Abilene, Mr. and Mrs. Monroe Ericson Tabb, Bob, Eric, Linda and Vance of McCamey and Mr. and Mrs. David Pearce and Gary of Abilene.

Mr. Tabb was born in Greenbriar in Madison County, Nov. 12, 1905, son of the late Mr. and Mrs. Henry Tabb. She was born Lela Maye Rumfield, in Boyd Chapel Oct. 30, 1906, daughter of the late Mr. and Mrs. Charley Rumfield. They met

in the fall of 1922 at school at Boyd Chapel.

They were married Aug. 24, 1924, under the Clear Fork of the Brazos River bridge by a Baptist minister who was conducting a baptising service at the river eight miles north of Nodale.

The couple lived in Brownfield, Sweetwater, Boyd Chapel, Oak Grove, and Union before moving to Hamlin in 1939.

He is employed by Jones County Precinct 1. He was previously engaged in farming, was employed by a laundry, worked 11 years for Celotex Corporation and was employed by Santa Fe Railroad.

Mrs. Tabb is a charter member of the Foursquare Gospel Church and has taught in Sunday School for 33 years. She is presently an adult teacher.

In 1939 Mr. Tabb was pitcher for the Union baseball club, managed by the late Ross Bartlett. He enjoys fishing, hunting and watching football.

Mrs. Tabb enjoys sewing, knitting and football.

Refreshments were served.

Homemakers Class Elects New Officers

Mrs. C. L. White hosted the business meeting for Homemakers Sunday School Class of First Baptist Church Saturday morning.

New officers were elected and activities for the year were discussed.

Attending were Mmes. Leldon Clifton, Melvin Scott, Bob Hawes, Joe Wayne Carter, Eugene Baker, Lynn Mink, Clyde Lewis and Bryon Swank.

Officers elected were Mrs. Scott, outreach leader; Mrs. Carter, secretary-treasurer; Mrs. Baker, assistant secretary-treasurer; Mrs. Bob Craig, reporter; Mrs. Lee Hastings, mission in action chairman; Mrs. Lewis and Mrs. Swank, associate group leaders. Mrs. Clifton was re-elected class teacher.

Refreshments were served.

Friends Class Luncheon Held Sunday

Members of the Friends Sunday School Class of First Baptist Church met Sunday in Fellowship Hall for a luncheon following the morning service.

Rev. Howard Jones gave the opening prayer. Mrs. Albert Haught, teacher, presided.

Guest included the Rev. and Mrs. Jones, Mr. and Mrs. Melvin Scott and James McGough.

Others attending were Mr. and Mrs. Charles Pearce and Don, Mr. and Mrs. Paul Becker, Mrs. J. D. Kitchen, Mr. and Mrs. Elbert Payne, Mr. and Mrs. Herman Sharer, Mrs. George Pruitt and Harold, Mr. and Mrs. Cecil Sellers, Mrs. Louis Young and Gary.

Mrs. Scott gave the closing prayer.

FROM THE FILES . . .

FIFTY YEARS AGO

(August 22, 1924)

August the 20th, will go down in history as the day that Hamlin got her first bale of 1924 cotton. The lucky man was Ralph Riddle, who farms about eight miles east of Hamlin. Ralph brought his bale to the Morrison Gin, Wednesday morning and soon it was converted into one of the prettiest bales, weighing 451 pounds. He drove upon the street and John T. Day & Son were the high bidders, getting the cotton at 26 cents. Garland Tumlin, Cashier for Day & Son and also Secretary of Hamlin Chamber of Commerce got busy and secured a premium of \$51.50.

Thus the Hamlin Cotton Yard has weighed bale Number One of the 1924-25 crop.

Now what about the amount the Weigher, Mr. Farrow, will get this year? The Herald has taken great pains to get an expression of what the farmers judge the crop. We find that in some spots the remark is that we will get more or as much as last year. If we do, then it will be around 10,000 bales. But when other men are asked they say their section is going to produce less than last year. So taking them together, we believe the crop as a whole will be less than last season.

Just as the Herald goes to press Thursday afternoon, we learn that Ex-Governor James E. Ferguson is to speak in Hamlin and spend the night here, while on his way from Rotan to Abilene, where he will make his final address of the campaign.

TWENTY YEARS AGO

(August 20, 1954)

An extended program of renovation of school buildings and installation of a number of pieces of new equipment is being completed this week, according to I. R. Hutchingson, superintendent of Hamlin city schools.

"Our school buildings are in a fine condition of repair," declared the school head, "and with completion of the new improvements, we are ready to begin another impressive school term."

Rounding out the improvements and modernization of the Junior High School started several years ago was completed with the installation of 150 new student desks. When the new building was erected five years ago much of the old fixtures of the previous structure was moved into the new building.

At the high school building two major renovation jobs have been underway for several weeks. The home economics rooms have been re-arranged and repaired. A new kitchen has been built with new and modern cabinet arrangements. The homemaking section has been redesigned into five apartments which will accommodate four girls each. This permits instruction in surroundings simulating actual modern living quarters.

Office space for administrative offices in the high school has been re-arranged and enlarged as well as the offices in the Junior High School. Gridders at Hamlin High School

stadium this fall will have one of the best grass playing fields they have ever had, reported school officials this week.

Following farrowing and returfing operations early in the spring, new seed was sown on the leveled playing field, and with good spring rains and ample watering this summer a good stand of Bermuda grass has resulted.

Application several weeks ago of 1,600 pounds of fertilizer gave new vigor to the growing grass, and by the time football games are scheduled on Pied Piper Field a beautiful grass turf is expected to greet the players and fans.

TEN YEARS AGO

(August 20, 1964)

Rains here since Friday amounting to 1.63 as gauged at the City Pump Station have brought temporary relief from the above 100-degree temperatures.

The rains have been quite spotted and some areas have received heavy showers while others have received very little moisture. The area north of Hamlin, Hitson and McCaulley have gotten more rain than the areas south of here.

Just last week Hamlin was made eligible for haying and grazing privileges on diverted cropland because of drought conditions. Even though the rains have been spotted the grazing land has benefited to some degree from the moisture.

W. W. Fletcher, manager of the Hamlin Farmers Coop Gin said Wednesday that it would probably be about three weeks before the affects of the rains on the cotton could be determined. He said a good general rain of three to four inches is still needed to assure a good cotton crop.

The water level at Hamlin's South Lake has not risen after the recent rains. The watershed of the lake is mostly farmland and tanks on the watershed have to fill before the lake begins to get the run-off. The lake area received about two inches Friday and .06 Tuesday according to J. C. Cauble, lake keeper. The water is about seven and one-half feet from the spillway.

The city of Hamlin purchases water from Lake Stamford and does not depend on the two lakes for public water supply although South Lake is a popular fishing spot and the West Lake is used for water sports.

The official readings for Hamlin were Friday evening, 1.10; Monday morning .07; Tuesday afternoon .46.

NEWS AND VIEWS . . .

And What Have You

Continued from page 1

clusion that this is the best course available.

After getting as many facts as possible from them we feel that it is to the best interest of Hamlin and this area that we go to the polls Saturday and vote "yes" to this bond issue and we urge you to do the same.

several types of organizations, some of which receive funds from both public and private sources.

The coming developments will add new emphasis to some already major national mental health problems, such as:

- Meeting the needs of emotionally disturbed and mentally retarded children and adolescents and their families.
- Meeting the mental health needs of the poor, the chronically ill, and the aged.

• Making major impact on the treatment of hard drug addicts, alcoholics, delinquents and criminals, and the "criminally insane."

Public understanding and support are needed as we move to meet the challenges of new developments such as the HMOs and some form of national health insurance which is expected to become law.

We must prepare for the new conditions, meet them as they arrive, and improve and extend our delivery system until it provides quality mental health care for all who need it.

UNDERSTANDING MENTAL HEALTH

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Coming Developments

There is a very strong movement in our society toward more equal health care for every citizen. And that includes mental health care.

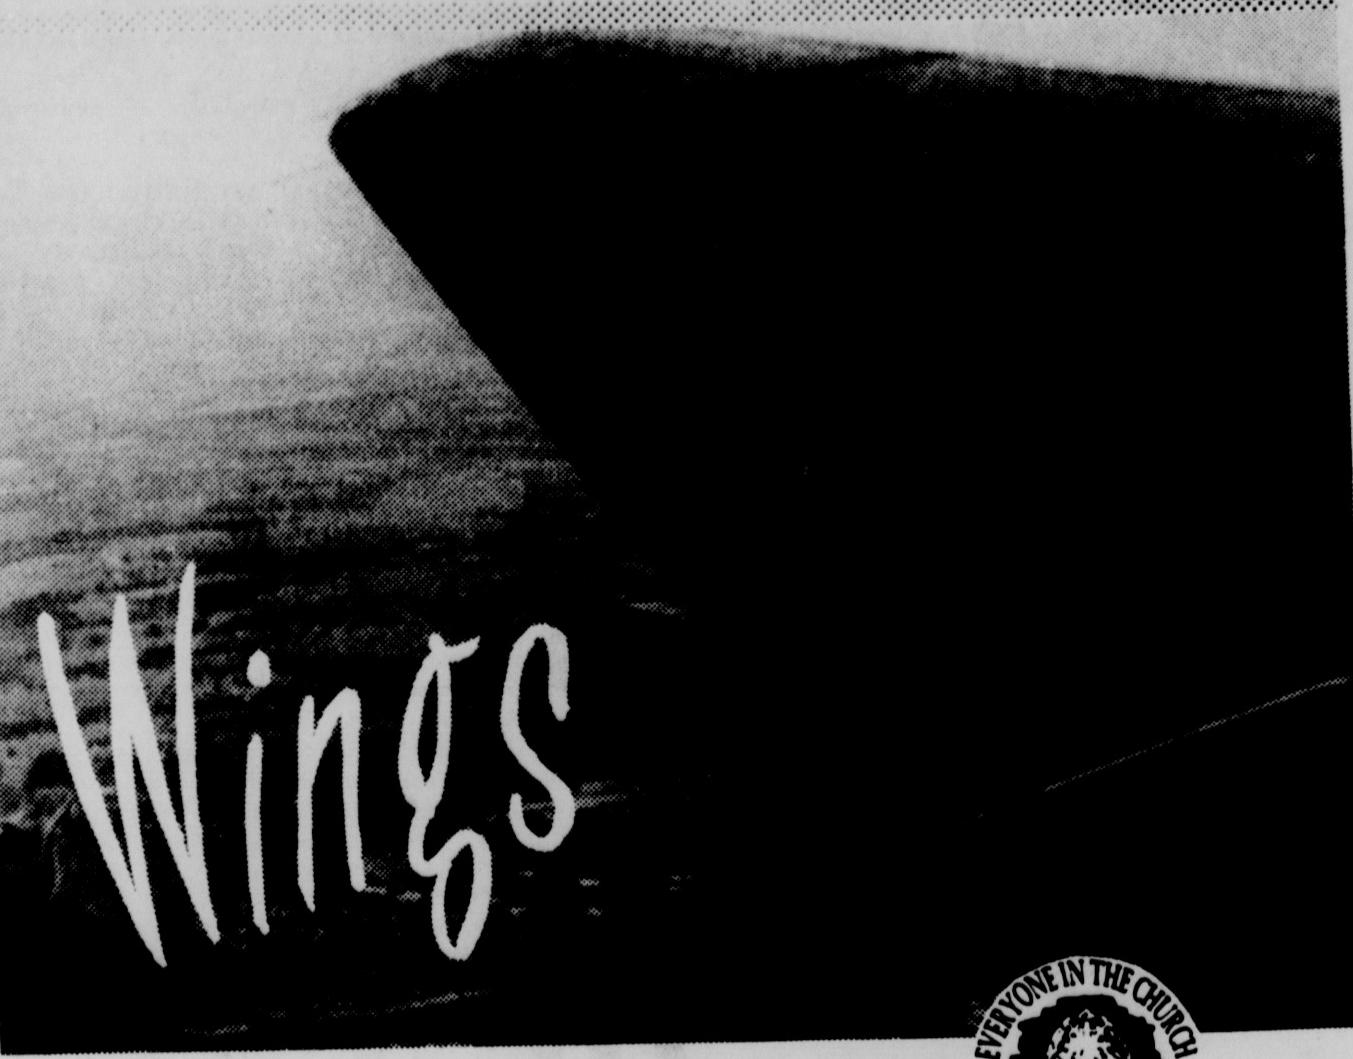

Such developments as Health Maintenance Organizations (HMOs), an experimental program already enacted into law, and national health insurance—surely coming in some form—will undoubtedly help bring about a significant increase in demand for mental health services.

Mental health workers in both public and private sectors of our Nation are going to be

challenged by a greater volume of human need than ever before.

In the public sector it is anticipated that the Federal Government will have provided partial funding for the establishment of 626 community mental health centers when the program ends this year. Additional centers may be financed by States and localities without Federal financial aid, which will be a further expansion of the public sector.

Actually, the line is not always sharply drawn between private and public sectors. Mental health care is provided in a variety of settings and by

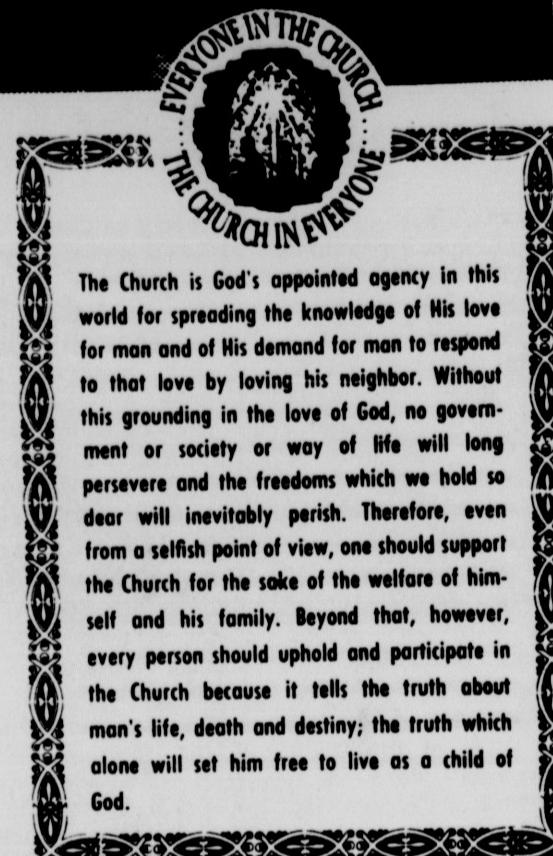

"If I take the wings of the morning, and dwell in the uttermost parts of the sea: even there shall thy hand lead me, and thy right hand shall hold me." Psalms 139:9, 10.

What a wonderful promise. No matter where we go or what we do, God is willing to lead us and is there to help us.

Another comforting scripture recalling God's love toward us is this: "How precious also are thy thoughts unto me, O God! How great is the sum of them! If I should count them, they are more in number than the sand." Psalm 139:17, 18.

It is comforting and pleasant to let our thoughts wing upward to verses like these.

We invite you to read your Bible and attend church this week.

DO YOU STILL WANT A HOSPITAL IN HAMLIN?

THEN VOTE

Y E S !

**SATURDAY, AUG. 24
FOR THE BOND ELECTION**

The voters of this area gave over-whelming approval for the creation of a Hospital District last December. Now you are being called upon to finish the job.

If Hamlin is to have the medical facilities that it needs, it is important that you go vote for the \$500,000 bond election Saturday. This additional money is needed to provide medical facilities that will be approved by the various government agencies.

Due to inflation the current \$500,000 in bonds

approved by the voters last December is simply not enough to meet present needs. We must vote for the additional \$500,000 in bonds if we are to keep our hospital in operation and continue to have medical facilities in Hamlin.

If Hamlin is to compete in the open market for doctors then we must provide the very best possible medical facilities.

If you want Hamlin to have a hospital for your family, your friends and your neighbors, then you must go to the polls Saturday and vote "YES."

You know, the postal service people have used

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One defends, if you want to put it that way, the postal service this week.

Dear editor:

A lot of people have criticized the postal service over the past couple of years, mainly because it's worse now than it was 25 years ago, and I have been wondering how this affected the managers of the system in Washington. What was their reaction?

Well, I was flipping through a magazine the other day and ran across a page ad from the postal service, and while it didn't mention much about service it did point out that lots of new things are happening in the organization, prominent among which were plans for some interesting new stamps.

Now this may sound frivolous to some but that's because they haven't figured out, as I believe I have, what's behind it.

You know, the postal service people have used

Brother of
Mrs. Griggs
Dies July 30

David Bryant Simpson, 75, of San Antonio, brother of Mrs. C. Weldon Griggs, died July 30 in San Antonio after a brief illness.

Services were held Aug. 1 in Porter-Loring Funeral Home Chapel in San Antonio. The Rev. Harold C. Purdue, pastor of the Alamo Heights Methodist Church, officiated.

Survivors include one daughter, three grandsons, one great-granddaughter, two sisters and two brothers.

Mr. and Mrs. Griggs were in California for the wedding of their son, Dwight Griggs, to Louise Marie Reynolds. Mrs. Griggs flew to San Antonio after receiving word of Mr. Simpson's death. She returned to Glendale Aug. 2 for the rehearsal dinner that evening and the wedding Aug. 3.

Oak Grove
Sets Dinner

The Brotherhood of Oak Grove Baptist Church will sponsor dinner Saturday evening in the church Fellowship Hall. The public is invited. Plates are \$2.

Fried chicken, English peas, creamed potatoes, carrots, congealed salad, Louberita's hot rolls, iced tea and assorted pies will be served at 6 p.m.

Beulah May has just returned from the Stanley Home Products 43 anniversary observance and pilgrimage at Chicopee, Mass. She traveled with other company representatives from Abilene, Pearl Kennedy and Mr. and Mrs. Floyd Kennedy. The group flew from Abilene.

District Court
Jones County, Texas.

THE LIVING BIBLE
paraphrased

Leather \$24.95
edition
black, brown,
red, green, or blue

stamps with pictures of George Washington, Benjamin Franklin, Calvin Coolidge, Teddy Roosevelt, Franklin Roosevelt, Mrs. Roosevelt, Eisenhower, the Statue of Liberty, the Wright Brothers and scores and scores of other historic people and places, but they never have found a picture to go on a stamp that'll get a letter to where it's going on time.

This is not to say the post office has given up. On the contrary, I believe it's searching night and day, so long as no overtime is involved and all holidays are observed, to find the right picture and we should all lay off and see if those folks can come up with it. In the meantime if any of the readers of the Herald have

any suggestions for such a picture, send them in. The first guy that suggests a tortoise has to stand in the corner.

Just to change the subject, would you say that some people in high places have forgotten that old saying, "No use lying over spilt milk"?

And also, I notice a lot of people in Washington are saying politicians need a new code of ethics. They're right. The one they've got is too hard to live up to.

Yours faithfully,
J. A.

Services Held
Monday for
Pat Pritchard

Pat Pritchard, 71, of Tuxedo died at 6:30 p.m. Saturday at Teakwood Manor Nursing Home in Stamford after a long illness. Services were held at 10 a.m. Monday in McCoy Chapel of Memories.

Relatives of Mr. Pritchard, the Rev. Bill Phillips of Fort Worth and the Rev. Dave Pritchard of Oklahoma City, Okla., officiated. Burial was in Fairview Cemetery.

Born Jan. 30, 1903, in Fort Worth, he had lived in the Hamlin-Tuxedo area the past 40 years. He was a retired farmer and a veteran of World War II.

Survivors include several nieces and nephews.

Pallbearers were Doyle McKennon, John Apperson, Fred Bennett, L. B. Maberry, Melvin Rosenquist and Jack Buske.

Brother Dies
In Rotan, Rites
Held Thursday

Wayne Morrow, 42, of Rotan, brother of Mrs. Marvin Carlton, died at his home at 11 p.m. Tuesday, Aug. 13, after an apparent heart attack. Services were held at 2 p.m. Thursday at First Baptist Church in Rotan.

Mr. Morrow was sales manager for National Gypsum Co. of Rotan and also farmed. He was a member of Cross Roads Baptist Church of Rotan.

The Rev. Ross Anderson, pastor of Cross Roads Baptist Church and the Rev. T. O. Upshaw, area missionary of Stamford, officiated.

Survivors include his wife, the former Peggy Roberson, two sons, Monte and Mike, both of the home; his mother, Mrs. Thoma Morrow of Abilene; a brother, Wendell of Rotan; and three sisters, Mrs. Leon Moore of Hawley, Mrs. Sam Moore of San Antonio and Mrs. Carlton. He was a nephew of Mrs. Lula Mae Crawford. Burial was in Belview Cemetery.

Area Counties Receive Economic Development Grant

representatives from Haskell, Jones, Knox and Stonewall counties agreed here Thursday night to accept a \$20,000 grant to be used in developing the area's economy.

The four-county area had been selected earlier by the Texas Coordinated Services in Training and Education Committee (CSTE) for a CSTE project.

CSTE is an experimental rural program—a cooperative federal, state and local venture—designed to coordinate the services of various agencies for improvement of education, employment, health, housing and economic resources.

Ray Prewitt of the Community Services Division of the Texas Department of Community Affairs told 75 persons attending Thursday's meeting that 17 counties in the U.S. maintain CSTE projects, but only one of them is in Texas: Red River County.

He said CSTE is interested in establishing other projects in the state to illustrate that the success achieved in Red

River County was not isolated.

Since the CSTE project began there in 1971, Red River County had added five new industries employing 800 people, increased its population and boosted sales tax income by 30 per cent in

Two Receive Degrees From H-SU Friday

Two Hamlin students received degrees during graduation ceremonies Friday evening at Hardin-Simmons University.

Geneva Ann Ward Carter received a bachelor of science degree. Mrs. Carter is the daughter of Mr. and Mrs. Lee Ward.

Dan A Newberry, son of Mr. and Mrs. B. V. Newberry, received the master of education degree.

Seventy-one students were awarded degrees in Behrens Chapel-Auditorium. U. S. Senator John Tower delivered the commencement address.

the county seat, Clarksville.

The West Texas four-county area will be a pilot project, Prewett said, because more than one county is involved.

Normally, one county begins a project and other counties may join in later. He said the common interest of the four local counties makes the situation well suited for a joint effort.

Prewett told the group that the grant will finance the first year of operation for the project and that the state committee will provide additional funds for the second year.

At the end of the second year, the program will be evaluated. If the four-counties feel it should be continued, part of the funds will be sought from local sources, he explained.

A 13-member committee was formed Thursday night to hire a project coordinator and oversee the operation.

Committee members include the four county judges; C. O. Richards of Stamford, president of Brazos West Economic Development

Council; and two private citizens from each county.

County judges are B. O. Roberson of Haskell County, Leon Thurman of Jones County, Warren Frazier of Stonewall County and Sam Clonts of Knox County.

Citizen members of the committee, chosen in county

caucuses Thursday, are Alton Byrd of Rochester and the Rev. Joe Aalbue of Sagerton, from Haskell County; Doug Myers of Munday and J. B. Tabor of Knox City, from Knox County; Charles Stenholm of Stamford and Joe Ford of Hamlin, from Jones County; and Dalton Gill of Aspermont and Tom Alvis of Old Glory, from Stonewall County.

Stenholm was chosen chairman of the steering committee with Aalbue as vice chairman and Richards as secretary.

The committee will meet Thursday night to select five nominees from applicants for the position. The nominees will be presented, along with the group's recommendation to the state office of CSTE for approval.

From the 13-member committee, a four-man screening committee was selected to interview applicants for coordinator. This committee plans to meet Wednesday night.

Stenholm said the steering committee will try to fill the position as soon as possible so

that the coordinator can attend training sessions in Austin in September and in Washington in October.

Prewett encouraged the group to find a coordinator from within the area or at least with a local connection to insure a feeling for the area's problems and needs.

Salary for the coordinator is usually around \$11,000 to \$12,000, he said. The remainder of the grant money is used for travel, secretarial support and other expenses.

Persons interested in applying may contact Stenholm at 773-5238 or 773-3684 by noon Wednesday.

Rev. Burleson Dies In Wreck

The Rev. John H. Burleson, 57, of Houston, former pastor of Calvary Baptist Church here, was killed in a two-car accident Friday about 7:30 p.m. near Mineral Wells.

Six of the members of the Olustee, Okla., family in the other car were killed and a five-year-old girl, friend of

THURSDAY, AUGUST 22, 1974. PAGE 7
the family, was in critical condition.

The Rev. Burleson was minister of Houston's Lake Forest Baptist Church at his death. He was traveling alone.

Funeral services were held at Corsicana at 3 p.m. Monday.

Attending from Hamlin were Mr. and Mrs. Archie Carson.

Singing Sunday

A singing at Neinda Baptist Church will be held at 7:30 p.m. Sunday. Everyone is invited.

FREDDY WEBB
... named for honor**Freddy Webb
Selected for
Top Honor**

Freddy Webb, son of Mr. and Mrs. Gus W. Webb, Rt. 2, was notified that he will be featured in the eighth annual edition of Who's Who Among American High School Students for the academic year 1973-74.

Webb, who attended the sixth through 10th grades in Hamlin, is a senior in Roby High School. He is active in football, basketball and FFA.

**Algaecide
Available
For Tanks**

Applied Biochemists, Inc., has received Environmental Protection Agency (E.P.A.) registration for a copper complex for the control of algae in stock watering tanks, troughs, and ponds is available at Pied Piper Mills.

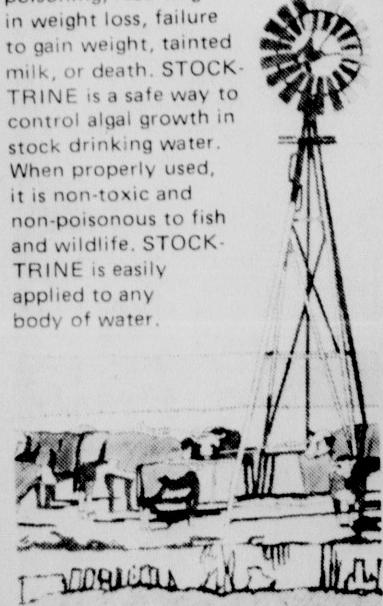

Stocktrine answers a major animal health need—ridging water of potentially dangerous algae without endangering livestock. Each year, numerous cases of toxic algae poisonings are noted by stock growers and veterinarians. All animals, including poultry and other fowl, can be affected. Maladies range from off-flavor or tainted milk to reduction of weight gain, intestinal ailments, and even death.

Research Can Win
The death rate from uterine cancer has been cut drastically because a researcher discovered a test for early detection. Help spur the search for other cancer tests by supporting the American Cancer Society's programs of research, education, and service.

introducing**Algaecide
for stock
watering tanks
troughs & ponds**

- Protect animals from toxic algae poisoning
- No Waiting to use water
- Easily applied

Algae exotoxins are highly toxic to stock animals, many of which have been victims of algal poisoning, resulting in weight loss, failure to gain weight, tainted milk, or death. STOCK-TRINE is a safe way to control algal growth in stock drinking water. When properly used, it is non-toxic and non-poisonous to fish and wildlife. STOCK-TRINE is easily applied to any body of water.

**UNDERSTANDING
MENTAL HEALTH**

Bertram S. Brown, M.D., Director
National Institute of Mental Health

**Mental Health
and Happiness**

Mental health is constant happiness. *True or false?*

That was one of the items in a test of mental health knowledge. You might suppose everyone would know that a sensitive, mature person often experiences unhappiness, just as he may occasionally feel tension, anxiety, or grief.

Of 5,000 people tested, however, nearly 1 in 5 checked the statement as "True." The question is an intriguing one. It deserves further examination.

We all know people who seem to be miserable and unhappy when the circumstances of their lives are not all that bad. They cope with their problems in self-defeating ways. They have distorted perceptions of reality which cause them to overlook or react improperly to opportunities.

These are the people who could be reasonably happy most of the time, as others are whose lot in life is much the same.

The key word is "circumstances." There are situations in which desperate unhappiness is a sign of positive mental health. What could be expected of prisoners in the notorious death camps of Nazi Germany during World War II? Not constant happiness.

Yet it is often those situations of extreme hardship that really test—and sometimes ultimately strengthen—one's mental health. It has been said that, even in the worst circumstances, it is never necessary to be desperately unhappy for more than a brief time.

You won't be happy in the usual sense, but you may work out a courageous acceptance of things as they are and refuse to be beaten in spirit though you may be beaten by every other measure.

W. E. Henley meant something like that when he wrote in his memorable *Invictus*: "In the fell clutch of circumstance I have not winc'd nor cried aloud; under the bludgeonings

of chance my head is bloody but unbowed."

Most of us are spared experiences such as the Nazi death camps and whatever horrors Henley had in mind when he wrote *Invictus*. Still, it isn't easy to maintain the highest level of positive mental health amid all the turmoil and frustrations of our modern times.

A colleague of mine recently put it rather eloquently, I thought, when he simply said: "It is my philosophy of life that I will always try to have more good days than bad days."

**Registration
Now Open At
WT College**

S N Y D E R — Pre-registration for fall students at Western Texas College opened Monday and will continue through Aug. 29 from 1-4 p.m. daily. Students who wish to pre-register are asked to go first to the offices of Dr. Mary Hood or Jerry Baird, college counselors, in rooms 102 or 103 in the Student Center. Class schedules will be worked out with the counselors and cleared through the registrar's office and fees will be paid at the business office.

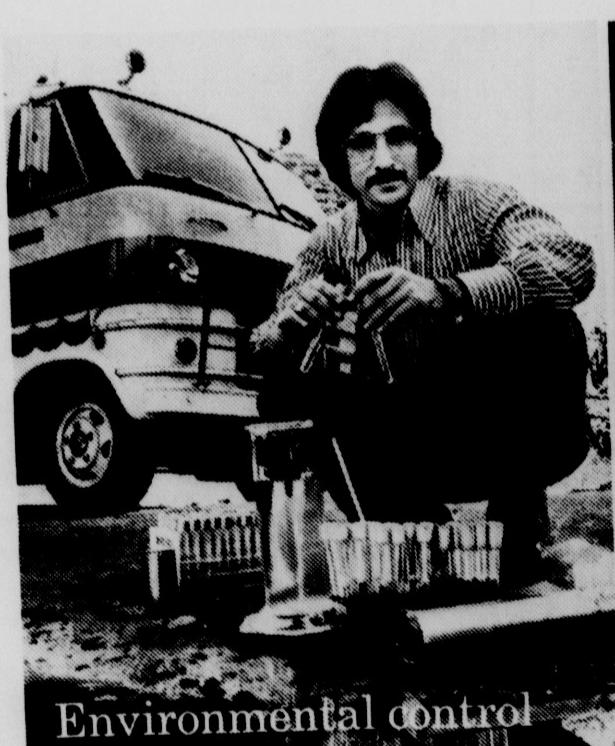

Students who pre-register will report on regular registration days only to pick up parking permits and to have pictures made for identification cards and for the annual.

"We encourage students to pre-register whenever possible," Dr. Duane Hood, Dean of Student Services and Registrar, said. "Pre-registration will save the student time and give him the best opportunity to work out a schedule.

**... a first in hunting
is SAFETY!**

- Make certain that all ammunition has been removed from firearms before storing.
- Never carry a loaded firearm in a vehicle.
- Always keep the safety "ON" while carrying your firearm.
- When it is necessary to climb a fence while hunting always put the safety "ON" and place the firearm on the ground pointing away from other hunters.
- When hunting with other people keep abreast of each other, never get ahead or fall behind.
- Make certain your firearm is unloaded when cleaning or making repairs.

Don't be shy about pointing out unsafe habits of other hunters, they may not realize the dangers they are putting other hunters in by negligent conduct. Hunting is a safe sport when safety precautions are observed.

**Have a college grad's career
without 4 years of college.**

In the last ten years a revolution in science and technology has opened up thousands of new careers.

Careers that require only a year or two of technical education.

Careers that can pay as much as a four-year college graduate earns.

Careers as technicians.

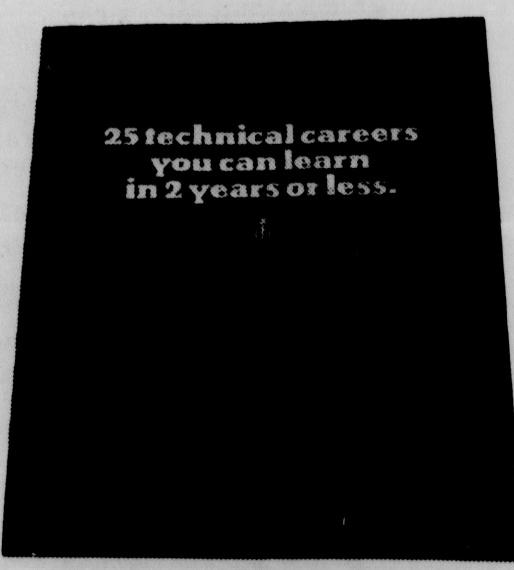

In fields like medicine and architecture. Chemistry and ecology. Urban planning and nuclear research, to name just a few.

A free booklet called "25 Technical Careers" tells all about it.

For your free copy write: Careers, P.O. Box 111, Wash., D.C. 20044.

America needs technicians

15th Annual Cattlemen's Round-Up Now Underway

As the fifteenth annual Cattlemen's Round-Up for Crippled Children gets underway, officials of the West Texas Rehabilitation Center in Abilene, Texas expressed a guarded optimism concerning the fall sale of livestock to benefit the Center.

Charlie Morris of Abilene, general chairman, said, "This has been a tough year on the cattlemen, but our rancher friends have always stood by the Center in drought and plenty." Morris added, "Our Round-Up supporters know how important this fund-raising event is to the continuing operation of the Center, and I'm confident they'll do the very best they can."

The idea for the Cattlemen's Round-Up for Crippled Children originated

in the fall of 1960 when cattlemen all over the Southwest joined together to donate livestock to be sold to benefit the Center. Since then the unique Round-Up has been a major source of income each fall for the private, non-profit out-patient diagnostic and treatment facility.

The cattlemen has played a major role in making the West Texas Rehabilitation Center one of the largest and finest facilities of its kind in the Southwest. Since the Center first opened its doors in 1953, more than 21,000 handicapped persons from all over the Southwest have been treated. Last year alone 4,493 individuals were served, emphasizing the phenomenal growth of the multi-faceted facility, especially within the past five years. During 1973, patients were admitted from

122 cities in 51 Texas counties, as well as from eleven other states and two foreign countries. There are no geographical limitations.

Anyone needing help gets it regardless of age, race, creed, color, or ability to pay. A referral by a physician or any accredited referring agency is the only entrance requirement.

"Since it has been a matter of policy from the beginning not to charge patients for therapy, the Center is primarily dependent upon the general public for its support," explained Shelley V. Smith, Executive Director. Smith added, "Since the sale of donated livestock comes in the last quarter of the year, its success determines whether we meet the budget or not. We can continue to grow and serve only as our friends give us a helping hand."

The 1974 operational budget for the Center is \$448,000. Last year's Round-Up raised almost \$125,000.

The Cattle Sale is set for September 30, with the Horse Sale to follow on October 5 and the Sheep and Goat Sale on October 14. The Center has the facilities to pick up livestock at any time.

More information may be obtained by writing the West Texas Rehabilitation Center, 4601 Hartford, Abilene, Texas 79605, or calling (915) 692-1633.

Hamlin area chairmen for the Round-Up are Bill Feagan and Cecil Sellers.

Congressmen, WT Farmers Hold Meeting

WASHINGTON, D.C.—Congressman Omar Burleson recently reported on the meeting held in Washington involving three West Texas Congressmen, several farmers from West Texas and officials of the Department of Agriculture. Because of the great amount of difficulty being experienced by those in disaster areas because of crop losses due to weather conditions, the specific problems were discussed in efforts to reach some better understanding.

Congressman Burleson, Congressman George Mahon and Congressman Bob Poage, Chairman of the House Agriculture Committee, were on hand to discuss the difficulties farmers are having with the disaster program which have mainly been due to the fact this is the first year the program has been used under the new Farm Bill.

One direct result of this exchange of ideas has been the computation where a substitution of crop is involved.

Agriculture officials, consisting of Under Secretary J. Phil Campbell, ASCS Assistant Deputy Administrator Programs Victor Senechal, ASCS Associate Director Glenn Weir, and George Melvin with ASCS Programs, also advised that there would be a change made in the sign-up or certification date from July 15 to September 1 to sign up for

cotton, as to how much cotton had been planted.

With regard to grains, farmers can now wait to certify until they come in for a payment. In other words when they apply for disaster payment, that is equivalent to certification. Also, a procedure was approved to allow farmers to have their crops reappraised. The Department has waived a requirement which disallowed reappraisal.

Congressman Burleson indicated it was of real benefit to have those farmers from West Texas make the effort to come to Washington to discuss firsthand the specific problems being encountered in the program and commended them. Those attending the meeting were Mr. C. A. Daugherty of Scurry County, Mr. Donnell Echols of Dawson County, and Mr. Donavon Phipps of Dawson County.

ENERGY CRISIS DOUBTED — A Houston and Colorado County survey by the governor's energy advisory council showed Texans think the energy crisis of recent months was phony.

The questionnaires indicated citizens doubt truth of information from both the government and oil companies on energy supplies and judge the situation largely on availability of oil and gas products.

WE WILL HONOR STUDENT CHARGES IF PAID WEEKLY OR MONTHLY UPON WRITTEN APPROVAL OF PARENTS.

Mennonite immigrants arriving at Peabody, Kansas in the Fall of 1874 on a special Santa Fe train. (Illustration courtesy of the Mennonite Weekly Review newspaper.)

Car with record-breaking BILLIONTH BUSHEL breaking banner as it moves from a Kansas wheat elevator on March 20, 1974.

The modern 100-ton jumbo covered hopper can be loaded with wheat in about twelve minutes and unloaded in less than three.

Back in the 1870's when the Mennonites began their migration from Europe to America—Santa Fe was there!

A representative of the railroad traveled abroad in those early days to influence homeseekers to settle along the pioneer rail routes being built westward across Kansas. The Mennonites were seeking freedoms of a new country and liked what they learned about America.

Santa Fe helped with their transportation, even chartering a special ship for the Atlantic crossing.

Santa Fe built special housing facilities in the settlement areas of Kansas and sold land, much below actual values, to the new homeseekers.

Santa Fe moved supplies for the home builders at reduced prices, sometimes for free.

Developing this new land back in the 1870's was not without hardships for the early Mennonites or for Santa Fe's pioneer rail builders. At that time, hardly anyone realized that their efforts would be rewarded through a few sacks of wheat seed which thrived in Kansas and spread to help make mid-America the breadbasket of the World.

100 years of moving wheat

Wheat is usually moved in a short period of time to meet harvest deadlines, export schedules and marketing requirements. These conditions make great demands on the railroads and it takes Santa Fe's modern facilities, an up-to-date car fleet and skillful employees to get the wheat job done year after year.

During the past century many things have been done to move wheat efficiently. Two examples stand out in Santa Fe's history:

(1) The giant 100-ton covered hopper car first introduced for moving wheat in 1963. Today, Santa Fe has 12,000 of these cars in service, the largest fleet in the rail industry, and 1,000 additional are now on order. Altogether these 13,000 hoppers have a capacity equivalent to approximately 21,000 conventional box cars.

(2) One of Santa Fe's greatest achievements in handling grain was completed earlier this year when we moved a record-breaking billion bushels, a total of 350,000 carloads, in just twenty months.

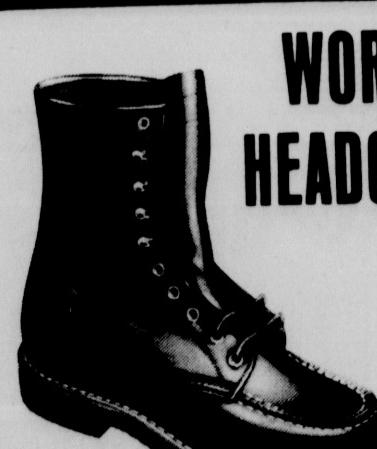

Those few sacks of seed of Turkey Red hard winter wheat carried to America by early Mennonite homeseekers started one of the greatest agricultural developments in the nation. It's a history Santa Fe has been proud to be a part of the past 100 years—all the way!

Brad Rowland Reports On Disaster Aid

Brad Rowland of the Jones County ASCS office in Anson, told 30 farmers at the Hamlin Ag Club Monday meeting that disaster payments will be paid to cotton producers this year. He advised everyone to be sure that they had all their crops certified before Sept. 1.

Some cotton farms in the county have been or will be appraised by the ASCS as complete failure and will be plowed up. In most other cases, payments will be made on the difference between the total projected yield and this year's total production if it does not exceed 50 per cent of the projected yield and this year's total production if it does not exceed 50 per cent of the projected yield.

Rowland emphasized that anyone not certain what they

should do should go to the ASCS office and discuss their individual situation.

NEWS AND VIEWS...

And What Have You

By BOB CRAIG

The people of Hamlin are being called upon Saturday to make another big decision concerning the future of Hamlin. Do you want a hospital in Hamlin or not? If you do then you must turn out and vote for the \$500,000 bond election.

While we can't predict the outcome of the election, the one thing that we can predict is that those who oppose our having a hospital will be out in full force. We have no idea how many times we have tried to convince everyone that their vote is important but this is one time that you can not stay home and let someone else make the decision for you.

Sure, it will cost you more money than you would like to pay, but what else doesn't? While it may seem like \$1,000,000 is a lot of money to spend remodeling and equipping a hospital, remember that Fisher County is spending \$2,250,000 to build a 30-bed hospital while we will end up with a 34-bed hospital for less than half the money.

While there seems to be some grumbling now about the medical services available now because we only have two doctors, remember that our only hope of getting more doctors is to provide better facilities. Without making these improvements in our present facilities we likely would find ourselves without any doctors.

Barring family ties or other reasons most doctors are going to go where the facilities are the best and the opportunities are the most rewarding. Whether you like it or not that is what you have to compete with and it takes money to compete.

At a recent press convention, we do not know how many publishers talked to our son Darrell about coming to their city when he graduates, but they were all wanting additional doctors in their communities. And Darrell is just entering Med School this fall.

Probably many people are wondering why it is necessary to ask for an additional \$500,000 in bonds this time. Well, in the first place, the board made a mistake in not asking for enough the first time, and does not want to have to come back another time. It is much easier to vote for more bonds than you need and not use them than it is to have to come back the third time.

With inflation still running unchecked, it is possible that it will take all of the \$1,000,000 before the job is finished. Of that \$1,000,000, it will take \$650,000 to take care of the building needs at today's prices, added to that is about \$200,000 in equipment.

This leaves about \$150,000 to take care of inflation and maybe to build a new clinic to replace the existing one that is being absorbed into the hospital.

At the present time the clinic part of the project is still a guessing game because no one knows how much money might be available after the bids are let for the hospital.

We know that there are those who would oppose the district building a clinic but there again we must remember that we have to go out into the open market and compete for doctors and communities all across the state are building clinics, many offering them rent free.

To us the most important thing to remember is that it will be your friends and neighbors who will be making the decisions on spending this money and they don't like to pay taxes any more than you do. They have spent long hours studying every angle of this issue and explored every possible course of action and have come to the con-

ON HOUSTON FLIGHT—Jim Watson and his mother, Mrs. W. M. Watson, were flown to Galveston Tuesday by North's Funeral Home air ambulance from Abilene where Jim had a kidney transplant operation that evening. The attending physicians at John Sealy Hospital termed the operation a success. He will be in intensive care for several days. (Abilene Reporter-News photo by Don Blakley)

FUND STARTED HERE—

Watson's Kidney Surgery Tuesday Said Successful

Jim Watson, 27, son of Mr. and Mrs. W. M. Watson, is in intensive care at John Sealy Hospital in Galveston after a kidney transplant operation there Tuesday evening. He is expected to spend two weeks in the hospital in recovery.

A special fund to aid the family with medical expenses has been started by friends in Hamlin. Donations may be made at Farmers and Merchants National Bank to the Jim Watson Fund.

Jim had been waiting hopefully to receive word that a possible donor matching Jim's blood type had been found. This word came Monday afternoon after he had waited almost a year.

He and his mother were flown by air ambulance Tuesday morning to

Galveston. The doctor at the hospital said as he left the operating room shortly after 7 p.m., "The kidney is in and he's doing just fine."

Doctors will check for signs of bodily rejection of the new organ. The Galveston doctor said that if the body accepts the new kidney, Watson will no longer need dialysis treatments.

Jim's physician in Abilene described his condition as a chronic sufferer of glomerulonephritis, once known as "Bright's disease," an inflammation of the

Motorists Reminded Of School

Hamlin motorists were reminded this week that with the start of school here Monday the Hamlin Police Department has begun enforcing the school zone speed limits and the one-way streets again, according to Chief Ed Wheat.

Wheat also urged motorists to drive with extra caution during the first week or two of school while the younger children are still learning to watch for traffic.

The one-way streets around the elementary and primary buildings are back into effect during the school hours—from 7:45 a.m. until 3:45 p.m., Wheat said.

Motorists are also reminded that the school zones around all school buildings are one block on each side of the buildings and the speed limit is 15 m.p.h.

Junior High enrollment is down three from last year with 205 reporting for classes this year. Of these, 75 are in the 6th grade; 61 in the 7th grade and 69 in the 8th grade.

High School has an enrollment of 239 this year as compared to 242 last year. There are 66 in the 9th grade; 63 in the 10th grade; 61 in the 11th grade and 49 in the 12th grade.

The school cross walks on West Lake Drive and North Central have been repainted by the Texas Highway Department and motorists are reminded by Wheat that vehicles must stop for any pedestrian within these areas.

School Shows Increase In Enrollment

The Hamlin Public Schools resumed classes for the fall term here Monday with 839 students enrolled, according to Bob Hawes, superintendent. This is up four over this time last year with the increase coming in the lower grades.

The biggest single class enrolled is the first grade with 77 students. The smallest class is the senior class with 49.

Primary and elementary schools have a total enrollment of 395 as compared to 379 last year. Broken down by classes the enrollment is as follows:

Kindergarten, 70; 1st, 77; 2nd, 69; 3rd, 50; 4th, 66; and 5th, 63.

Junior High enrollment is down three from last year with 205 reporting for classes this year. Of these, 75 are in the 6th grade; 61 in the 7th grade and 69 in the 8th grade.

High School has an enrollment of 239 this year as compared to 242 last year. There are 66 in the 9th grade; 63 in the 10th grade; 61 in the 11th grade and 49 in the 12th grade.

glomerulus which filters waste products.

"The inflammation eventually destroyed the kidneys' ability to filter waste," he added.

Jim's kidneys were removed last September and he stayed at the hospital's kidney center until this past April undergoing lymph drainage to prepare him for a possible transplant.

After returning home he received dialysis treatments of about six hours each three times a week at Hendrick Memorial Hospital.

Jim was an auto mechanic before his kidney condition became serious two years ago. His father said that he had not been able to do much work because of the hookups in his arms and that he did not have much time because of the trips to Abilene.

Jim was notified Monday after a donor whose blood type matched his had been found. Jim's blood and tissue (antigen) type had been fed into a computer system in Galveston which enables possible matches with donors to be made. Further tests had to be made with the donor's "transplant antigens" to determine a perfect match.

After the Watsons were notified that the donor matched, friends made arrangements for Jim and his mother to be flown by North's Funeral Home air ambulance from Abilene. Mr. Watson took them to the airport and he drove on to Galveston.

Mr. and Mrs. Watson are staying with relatives in Galveston. They will be able to visit their son only briefly while he is in intensive care for several days.

Mr. Watson is employed by L. C. Bonds and the family lives on the Bonds farm in the Hitson Community, north-west of Hamlin.

A meeting of the Jones County Boll-Weevil Association will be held at the 66 Sirloin Cafe in Anson at 1:00 p.m. on Thursday, August 22, according to Tommy Brown, president.

Hospital Bond Vote Set Here Saturday

Qualified voters residing within the Hamlin Hospital District will go to the polls Saturday to vote on a \$500,000 bond issue for the purpose of remodeling Hamlin Memorial Hospital. The bonds would be in addition to the \$500,000 in bonds approved by the voters when the district was created in December, 1973.

The election will be held in the Conference Room at the Hamlin City Hall building with the polls opening at 8 a.m. and closing at 7 p.m.

All qualified voters residing within the district will be eligible to vote on the bond issue with those owning property within the district voting in one box and non-property owners voting in another box.

The Board of Directors of the District voted to call the bond election after receiving estimates of the cost of remodeling from the architect hired by the district, Don Hampton of Sweetwater.

The additional bonds are needed to meet the increased costs of remodeling of the hospital to meet federal and state requirements. Current estimates of the cost of remodeling has been set at \$650,000. In addition to this amount the district will need to spend an estimated \$200,000 on equipment to complete the hospital and bring it up to current standards.

Both figures are based on current construction and equipment costs and do not allow for any increases between now and the estimated start of work sometime after the first of the year.

A spokesman for the board of directors said that current plans call for the possible construction of a new clinic to replace the current clinic that will become a part of the hospital under the proposed plans for remodeling. Estimates of the cost of a clinic will be delayed until final figures are known on the cost of the hospital.

John Scarborough, board president, said that although the district is asking for \$1,000,000 in bonds only those bonds needed will be sold.

The projected tax rate for the total amount of bonds sought by the district would be 40 cents per \$100 valuation, based on 20 year bonds.

The board has given tentative approval to plans submitted by Hampton that call for reducing the hospital

from 42 beds to 34 beds. This includes about 5,000 square feet of new construction which will include a new kitchen, dining facilities, an emergency room, lab and X-Ray room, new mechanical room and a central lobby.

The remodeling of the present hospital building

Ice Cream Supper Set Here Tuesday

The Hamlin Lions Club will hold its annual Ice Cream and Cake Supper in the high school cafeteria Tuesday evening with serving starting at 7 p.m., according to Bobby Crowley, president.

Tickets to the supper went on sale this week for \$1.00 each. They are available from any member of the Lions Club or may be purchased at the door.

The supper will feature home-made ice cream and home-made pies and cakes.

WITH SEYMOUR—

Barbecue, Scrimmage Scheduled Here Friday

Hamlin football fans will get their second good look at the Pied Pipers here Friday night as they scrimmage the Seymour Panthers, according to Coach David Bonds. The coaching staff appeared well pleased with the results of the intra-squad scrimmage held last Saturday evening.

The Pied Piper Booster Club will sponsor a barbecue supper at the football stadium Friday evening with serving to get underway at 6 p.m. Tickets are \$2.50 and are available from several of the club members, according to Bobby Moore, president.

Moore also announced that

JONES COUNTY COTTON QUEEN—Melissa Madden, 16, Hamlin High School junior, was chosen Jones County Cotton Queen Friday evening during the Jones County Fair in Anson. Miss Madden is the daughter of Mr. and Mrs. Lewis Madden. The presentation was made at the pageant in Anson City Park. (Photo by Jerry Wallace)

PARTY HELD AT LODGE—Residents of Holiday Lodge observing birthdays this month were honored at a party Tuesday served by women of First Assembly of God Church. From left are Mrs. Carl Amburn, Mrs. E. W. Boatright, Jimmie Raney, Jewel Foust, L. E. Warnell, John Hayes, and Roy Hudson. Honorees not pictured are Lucille Welch, Cora Roach, James Jenkins, and Elmer Feagan.

Party Honors Residents At Lodge Tuesday

Nine residents of Holiday Lodge who celebrate birthdays during August were honored at a birthday party Tuesday afternoon in the dining room.

Party plans were made under the direction of Mrs. Robert Christian, new activity director for the lodge. Mrs. Christian spends 20 hours a week in activities for the residents.

The women of First Assembly of God prepared the cake and served refreshments. Serving were Mrs. E. W. Boatright, Mrs. Robert Spencer and Mrs. Carl Amburn.

Residents honored and their birth dates were Lucille Welch, Aug. 30, 1905; Jewel Faust, Aug. 4, 1907; Cora Roach, Aug. 17, 1894; L. E. Warnell, Aug. 4, 1904; James Jenkins, Aug. 20, 1907; John Hayes, Aug. 11, 1894; Elmer Feagan, Aug. 14, 1893; Jimmie Raney, Aug. 14, 1908; and Roy Hudson, Aug. 8, 1918.

HOLIDAY LODGE VISITORS

Mr. and Mrs. Gordon Brown of Ryderwood, Wash., visited her mother, Mrs. Martha Proctor.

Jo Delaney and Cleo Wolf, both of Slaton, visited their cousin, Cloyce Jones.

Mr. and Mrs. John Hymer of Lamesa visited his mother, Mrs. Ruby Hymer.

Reynolds, Griggs Vows Exchanged In California

Mr. and Mrs. Dwight Simpson Griggs are residing in San Monica, Calif., following their marriage Aug. 3 in Glendale, Calif.

The bride is the former Louise Marie Reynolds, daughter of Dr. and Mrs. Joseph N. Reynolds of Glendale. Parents of the bridegroom are Mr. and Mrs. C. Weldon Griggs.

The couple was married at Glendale Presbyterian Church with Dr. Bruce Thielemann officiating.

Matron of honor was Mrs. Harry Laughray of Spokane, Wash., sister of the bride. Bridesmaids were Mrs. Robert Fisk of Chicago, Ill., Mrs. Mark Whelan of Oxnard, Calif., and Leslie Yerger of Coronado, Calif.

The bridegroom's father was best man. Groomsmen were Jerry Carlton of South Pasadena, Calif., Don Steele of Santa Monica, Calif., and Word Sherrill of Perryton.

The bride wore a gown of white silk jersey fashioned with long sleeves and a demitain. Her matching headress, a picture hat, was accented with a sheer rose. She carried white roses accented with blue.

The attendants wore blue halter gowns with sheer long sleeved jackets.

The bride's parents hosted a buffet dinner dance at Oak Mont Country Club.

The bride is a graduate of Herbert Hoover High School in Glendale and received the BA degree in Spanish and philosophy from the University of California at Santa Barbara. She was

formerly employed by Hyatt Corporation in San Francisco, Calif.

The bridegroom, a graduate of Hamlin High School, received the BA degree in agricultural economics from Texas A & M University and has done graduate work at Texas Tech University. He is employed by Wheatheart Cattle Co. of Perryton and assigned to the California region.

The couple's wedding trip was to Vancouver, B.C.

The bridegroom's parents hosted the rehearsal dinner at the Huntington-Sheraton Hotel in Pasadena.

Area Residents Attend Family Reunion Aug. 11

Mrs. V. E. Williams, Mr. and Mrs. P. D. Wheat, Mr. and Mrs. R. P. Williams, Mr. and Mrs. Ronnie Nelson, Mr. and Mrs. Jackie Williams, Mignon, Sonja and Mickey,

and a guest, Mike Bailey, attended the 27th annual family reunion of the descendants of the late Cavett and Samantha Wilemon Aug. 11 in Arthur Miller Park in Breckenridge.

According to authentic family records, all families in the United States spelling their name Wilemon are related. All are invited to attend the annual affair.

Mrs. Park Wheat and Mrs. V. E. Williams are the only relatives that have attended all the reunions. Seventy-five persons attended this year

OOPS!

Open House to Mark Tabb Anniversary Here Sunday

Mr. and Mrs. Monroe T. Tabb will be honored with an Open House hosted by their children and grandchildren Sunday in celebration of their 50th wedding anniversary.

Friends and relatives are invited to call from 2 to 4 p.m. at the couple's home, 31 Southwest Ave. C.

The couple has two children, Mrs. Marvin Pearce of Abilene and Monroe Ericson Tabb of McCamey, eight grandchildren and one great grandchild.

The children and grandchildren who will be hosting the event are Mr. and Mrs. Marvin Pearce and Twyla of Abilene, Mr. and Mrs. Monroe Ericson Tabb, Bob, Eric, Linda and Vance of McCamey and Mr. and Mrs. David Pearce and Gary of Abilene.

Mr. Tabb was born in Greenbriar in Madison County, Nov. 12, 1905, son of the late Mr. and Mrs. Henry Tabb. She was born Lela Maye Rumfield, in Boyd Chapel Oct. 30, 1906, daughter of the late Mr. and Mrs. Charley Rumfield. They met

in the fall of 1922 at school at Boyd Chapel.

They were married Aug. 24, 1924, under the Clear Fork of the Brazos River bridge by a Baptist minister who was conducting a baptising service at the river eight miles north of Nodale.

The couple lived in Brownfield, Sweetwater, Boyd Chapel, Oak Grove, and Union before moving to Hamlin in 1939.

He is employed by Jones County Precinct 1. He was previously engaged in farming, was employed by a laundry, worked 11 years for Celotex Corporation and was employed by Santa Fe Railroad.

Mrs. Tabb is a charter member of the Foursquare Gospel Church and has taught in Sunday School for 33 years. She is presently an adult teacher.

In 1939 Mr. Tabb was pitcher for the Union baseball club, managed by the late Ross Bartlett. He enjoys fishing, hunting and watching football.

Mrs. Tabb enjoys sewing, knitting and football.

Homemakers Class Elects New Officers

Mrs. C. L. White hosted the business meeting for Homemakers Sunday School Class of First Baptist Church Saturday morning.

New officers were elected and activities for the year were discussed.

Attending were Mmes. Leldon Clifton, Melvin Scott, Bob Hawes, Joe Wayne Carter, Eugene Baker, Lynn Mink, Clyde Lewis and Bryon Swank.

Officers elected were Mrs. Scott, outreach leader; Mrs. Carter, secretary-treasurer; Mrs. Baker, assistant secretary-treasurer; Mrs. Bob Craig, reporter; Mrs. Lee Hastings, mission in action chairman; Mrs. Lewis and Mrs. Swank, associate group leaders. Mrs. Clifton was re-elected class teacher. Refreshments were served.

Friends Class Luncheon Held Sunday

Members of the Friends Sunday School Class of First Baptist Church met Sunday in Fellowship Hall for a luncheon following the morning service.

Rev. Howard Jones gave the opening prayer. Mrs. Albert Haught, teacher, presided.

Guest included the Rev. and Mrs. Jones, Mr. and Mrs. Melvin Scott and James McGough.

Others attending were Mr. and Mrs. Charles Pearce and Don, Mr. and Mrs. Paul Becker, Mrs. J. D. Kitchen, Mr. and Mrs. Elbert Payne, Mr. and Mrs. Herman Sharer, Mrs. George Pruitt and Harold, Mr. and Mrs. Cecil Sellers, Mrs. Louis Young and Gary.

Mrs. Scott gave the closing prayer.

NEWS FROM

OLD GLORY

By BERNICE D. WHITE

Old Glory School got into full swing for the 1974-75 school year Monday. Eight new students had enrolled by Monday noon, and the total enrollment thus far stands at 67.

Supt. Tom Alvis has announced that school will begin each day at 8:10 a.m. and dismiss at 3:15 p.m.

One new teacher has been added to the faculty. She is Mrs. Dixie Boyd, and she will be teaching homemaking one-half time and will be employed as a remedial reading teacher the other one-half time.

Other faculty members are Jill Fannin, k-2; Mrs. Mary Sawyers, 3-4; Mrs. Ruby Faye Norman, 5-6; Mrs. Josephine Rhodes, business and grade school P. E.; Bill McKee, principal and science; A. L. Hunter, social studies and high school coach; Mrs. Maxine Klump, English; and Mr. Tom Alvis also teaches high school math in addition to being superintendent.

Other employees are Mrs. Anita Baldree, migrant aide, Donna McLellan, special education, Mrs. Lillian Hicks, school nurse, Mrs. Marilyn Boyles, assistant librarian, Mrs. Mable Sawyers, LUNCHROOM supervisor and Mrs. Mary Barrera, custodian.

The eight new students who have recently moved into the community are Liz, Billy, and Cynthia Fisky, Bonnie and Mary Boyd, Randall and Regina Gibson, and Jimmy Mitchel. Everyone in the community joins in welcoming them and their families here and hope they enjoy our community and our school.

Mrs. Josephine Rhodes attended a math workshop in Brownwood Tuesday of last week. Mrs. Anita Baldree

attended a workshop in Abilene Thursday and Friday. Other school faculty members attended in-service days at Munday, Wednesday and Thursday.

Guests in the home of Mrs. Katie Gerloff Tuesday of last week were her grandson and family, Mr. and Mrs. Ronnie Gerloff, Mark and Scott of Houston.

Last weekend Mr. and Mrs. Emil Herttenberger of Paducah were honored with a joint birthday party in the home of Mrs. Katie Gerloff. Others attending were Mrs. Pauline Fuqua of Stamford, Mr. and Mrs. Raymond Gerloff of Abilene, Mr. and Mrs. Byron Swank of Hamlin, Mr. and Mrs. Malcolm Herttenberger of Rule, and Mr. and Mrs. Beno Herttenberger.

The group presented the Emil Herttenbergers with a beautiful patchwork quilt that had been pieced and quilted by several ladies in the above group and also two of his other sisters, Mr. Emma Newman of Amarillo, and Mrs. Louise Spradlin of Waco. These two ladies were not here for the birthday party.

Mr. and Mrs. Marvin Vahlenkamp are parents of a new baby boy, Marty John, born in Stamford Hospital Sunday, Aug. 18.

FROM THE FILES . . .

FIFTY YEARS AGO

(August 22, 1924)

August the 20th, will go down in history as the day that Hamlin got her first bale of 1924 cotton. The lucky man was Ralph Riddle, who farms about eight miles east of Hamlin. Ralph brought his bale to the Morrison Gin, Wednesday morning and soon it was converted into one of the prettiest bales, weighing 451 pounds. He drove upon the street and John T. Day & Son were the high bidders, getting the cotton at 26 cents. Garland Tumlin, Cashier for Day & Son and also Secretary of Hamlin Chamber of Commerce got busy and secured a premium of \$51.50.

Thus the Hamlin Cotton Yard has weighed bale Number One of the 1924-25 crop.

Now what about the amount the Weigher, Mr. Farrow, will get this year? The Herald has taken great pains to get an expression of what the farmers judge the crop. We find that in some spots the remark is that we will get more or as much as last year. If we do, then it will be around 10,000 bales. But when other men are asked they say their section is going to produce less than last year. So taking them together, we believe the crop as a whole will be less than last season.

Just as the Herald goes to press Thursday afternoon, we learn that Ex-Governor James E. Ferguson is to speak in Hamlin and spend the night here, while on his way from Rotan to Abilene, where he will make his final address of the campaign.

TWENTY YEARS AGO

(August 20, 1954)

An extended program of renovation of school buildings and installation of a number of pieces of new equipment is being completed this week, according to I. R. Hutchinson, superintendent of Hamlin city schools.

"Our school buildings are in a fine condition of repair," declared the school head, "and with completion of the new improvements, we are ready to begin another impressive school term."

Rounding out the improvements and modernization of the Junior High School started several years ago was completed with the installation of 150 new student desks. When the new building was erected five years ago much of the old fixtures of the previous structure was moved into the new building.

At the high school building two major renovation jobs have been underway for several weeks. The home economics rooms have been re-arranged and repaired. A new kitchen has been built with new and modern cabinet arrangements. The homemaking section has been redesigned into five apartments which will accommodate four girls each. This permits instruction in surroundings simulating actual modern living quarters.

Office space for administrative offices in the high school has been re-arranged and enlarged as well as the offices in the Junior High School. Gridders at Hamlin High School

stadium this fall will have one of the best grass playing fields they have ever had, reported school officials this week..

Following farrowing and returfing operations early in the spring, new seed was sown on the leveled playing field, and with good spring rains and ample watering this summer a good stand of Bermuda grass has resulted.

Application several weeks ago of 1,600 pounds of fertilizer gave new vigor to the growing grass, and by the time football games are scheduled on Pied Piper Field a beautiful grass turf is expected to greet the players and fans.

TEN YEARS AGO

(August 20, 1964)

Rains here since Friday amounting to 1.63 as gauged at the City Pump Station have brought temporary relief from the above 100-degree temperatures.

The rains have been quite spotted and some areas have received heavy showers while others have received very little moisture. The area north of Hamlin, Hitson and McCaulley have gotten more rain than the areas south of here.

Just last week Hamlin was made eligible for haying and grazing privileges on diverted cropland because of drought conditions. Even though the rains have been spotted the grazing land has benefited to some degree from the moisture.

W. W. Fletcher, manager of the Hamlin Farmers Coop Gin said Wednesday that it would probably be about three weeks before the affects of the rains on the cotton could be determined. He said a good general rain of three to four inches is still needed to assure a good cotton crop.

The water level at Hamlin's South Lake has not risen after the recent rains. The watershed of the lake is mostly farmland and tanks on the watershed have to fill before the lake begins to get the run-off. The lake area received about two inches Friday and .06 Tuesday according to J. C. Cauble, lake keeper. The water is about seven and one-half feet from the spillway.

The city of Hamlin purchases water from Lake Stamford and does not depend on the two lakes for public water supply although South Lake is a popular fishing spot and the West Lake is used for water sports.

The official readings for Hamlin were Friday evening, 1.10; Monday morning .07; Tuesday afternoon .46.

NEWS AND VIEWS . . .

And What Have You

Continued from page 1

clusion that this is the best course available.

After getting as many facts as possible from them we feel that it is to the best interest of Hamlin and this area that we go to the polls Saturday and vote "yes" to this bond issue and we urge you to do the same.

several types of organizations, some of which receive funds from both public and private sources.

The coming developments will add new emphasis to some already major national mental health problems, such as:

- Meeting the needs of emotionally disturbed and mentally retarded children and adolescents and their families.
- Meeting the mental health needs of the poor, the chronically ill, and the aged.

• Making major impact on the treatment of hard drug addicts, alcoholics, delinquents and criminals, and the "criminally insane."

Public understanding and support are needed as we move to meet the challenges of new developments such as the HMOs and some form of national health insurance which is expected to become law.

We must prepare for the new conditions, meet them as they arrive, and improve and extend our delivery system until it provides quality mental health care for all who need it.

UNDERSTANDING MENTAL HEALTH

Bertram S. Brown, M.D., Director
National Institute of Mental Health

Coming Developments

There is a very strong movement in our society toward more equal health care for every citizen. And that includes mental health care.

Such developments as Health Maintenance Organizations (HMOs), an experimental program already enacted into law, and national health insurance—surely coming in some form—will undoubtedly help bring about a significant increase in demand for mental health services.

Mental health workers in both public and private sectors of our Nation are going to be

challenged by a greater volume of human need than ever before.

In the public sector it is anticipated that the Federal Government will have provided partial funding for the establishment of 626 community mental health centers when the program ends this year. Additional centers may be financed by States and localities without Federal financial aid, which will be a further expansion of the public sector.

Actually, the line is not always sharply drawn between private and public sectors. Mental health care is provided in a variety of settings and by

DO YOU STILL WANT A HOSPITAL IN HAMLIN?

THEN VOTE

YES!

**SATURDAY, AUG. 24
FOR THE BOND ELECTION**

The voters of this area gave over-whelming approval for the creation of a Hospital District last December. Now you are being called upon to finish the job.

If Hamlin is to have the medical facilities that it needs, it is important that you go vote for the \$500,000 bond election Saturday. This additional money is needed to provide medical facilities that will be approved by the various government agencies.

Due to inflation the current \$500,000 in bonds

approved by the voters last December is simply not enough to meet present needs. We must vote for the additional \$500,000 in bonds if we are to keep our hospital in operation and continue to have medical facilities in Hamlin.

If Hamlin is to compete in the open market for doctors then we must provide the very best possible medical facilities.

If you want Hamlin to have a hospital for your family, your friends and your neighbors, then you must go to the polls Saturday and vote "YES."

THE FOLLOWING HAMLIN MERCHANTS SUPPORT THIS ELECTION 100%

Neinda Philosopher Comes to Defense

Of Postal Service, Well Sort Of

Editor's note: The Neinda Philosopher on his Johnson grass farm on Route One defends, if you want to put it that way, the postal service this week.

Dear editor:

A lot of people have criticized the postal service over the past couple of years, mainly because it's worse now than it was 25 years ago, and I have been wondering how this affected the managers of the system in Washington. What was their reaction?

Well, I was flipping through a magazine the other day and ran across a page ad from the postal service, and while it didn't mention much about service it did point out that lots of new things are happening in the organization, prominent among which were plans for some interesting new stamps.

Now this may sound frivolous to some but that's because they haven't figured out, as I believe I have, what's behind it.

You know, the postal service people have used

Brother of Mrs. Griggs Dies July 30

David Bryant Simpson, 75, of San Antonio, brother of Mrs. C. Weldon Griggs, died July 30 in San Antonio after a brief illness.

Services were held Aug. 1 in Porter-Loring Funeral Home Chapel in San Antonio. The Rev. Harold C. Purdue, pastor of the Alamo Heights Methodist Church, officiated.

Survivors include one daughter, three grandsons, one great-granddaughter, two sisters and two brothers.

Mr. and Mrs. Griggs were in California for the wedding of their son, Dwight Griggs, to Louise Marie Reynolds. Mrs. Griggs flew to San Antonio after receiving word of Mr. Simpson's death. She returned to Glendale Aug. 2 for the rehearsal dinner that evening and the wedding Aug. 3.

Oak Grove Sets Dinner

The Brotherhood of Oak Grove Baptist Church will sponsor a dinner Saturday evening in the church Fellowship Hall. The public is invited. Plates are \$2.

Fried chicken, English peas, creamed potatoes, carrots, congealed salad, Louberta's hot rolls, iced tea and assorted pies will be served at 6 p.m.

Survivors include his wife, the former Peggy Roberson, two sons, Monte and Mike, both of the home; his mother, Mrs. Thoma Morrow of Abilene; a brother, Wendell of Rotan; and three sisters, Mrs. Leon Moore of Hawley, Mrs. Sam Moore of San Antonio and Mrs. Carlton. He was a nephew of Mrs. Lula Mae Crawford.

Burial was in Belview Cemetery.

stamps with pictures of George Washington, Benjamin Franklin, Calvin Coolidge, Teddy Roosevelt, Franklin Roosevelt, Mrs. Roosevelt, Eisenhower, the Statue of Liberty, the Wright Brothers and scores and scores of other historic people and places, but they never have found a picture to go on a stamp that'll get a letter to where it's going on time.

This is not to say the post office has given up. On the contrary, I believe it's searching night and day, so long as no overtime is involved and all holidays are observed, to find the right picture and we should all lay off and see if those folks can come up with it. In the meantime if any of the readers of the Herald have

any suggestions for such a picture, send them in. The first guy that suggests a tortoise has to stand in the corner.

Just to change the subject, would you say that some people in high places have forgotten that old saying, "No use lying over split milk"?

And also, I notice a lot of people in Washington are saying politicians need a new code of ethics. They're right. The one they've got is too hard to live up to.

Yours faithfully,
J. A.

Services Held Monday for Pat Pritchard

Pat Pritchard, 71, of Tuxedo died at 6:30 p.m. Saturday at Teakwood Manor Nursing Home in Stamford after a long illness. Services were held at 10 a.m. Monday in McCoy Chapel of Memories.

Relatives of Mr. Pritchard, the Rev. Bill Phillips of Fort Worth and the Rev. Dave Pritchard of Oklahoma City, Okla., officiated. Burial was in Fairview Cemetery.

Born Jan. 30, 1903, in Fort Worth, he had lived in the Hamlin-Tuxedo area the past 40 years. He was a retired farmer and a veteran of World War II.

Survivors include several nieces and nephews.

Pallbearers were Doyle McKennon, John Apperson, Fred Bennett, L. B. Maberry, Melvin Rosenquist and Jack Buske.

Brother Dies In Rotan, Rites Held Thursday

Wayne Morrow, 42, of Rotan, brother of Mrs. Marvin Carlton, died at his home at 11 p.m. Tuesday, Aug. 13, after an apparent heart attack. Services were held at 2 p.m. Thursday at First Baptist Church in Rotan.

Mr. Morrow was sales manager for National Gypsum Co. of Rotan and also farmed. He was a member of Cross Roads Baptist Church of Rotan.

The Rev. Ross Anderson, pastor of Cross Roads Baptist Church and the Rev. T. O. Upshaw, area missionary of Stamford, officiated.

Survivors include his wife, the former Peggy Roberson, two sons, Monte and Mike, both of the home; his mother, Mrs. Thoma Morrow of Abilene; a brother, Wendell of Rotan; and three sisters, Mrs. Leon Moore of Hawley, Mrs. Sam Moore of San Antonio and Mrs. Carlton. He was a nephew of Mrs. Lula Mae Crawford.

Burial was in Belview Cemetery.

Area Counties Receive Economic Development Grant

Representatives from Haskell, Jones, Knox and Stonewall counties agreed Thursday night to accept a \$20,000 grant to be used in developing the area's economy.

The four-county area had been selected earlier by the Texas Concerted Services in Training and Education Committee (CSTE) for a CSTE project.

CSTE is an experimental rural program—a cooperative federal, state and local venture—designed to coordinate the services of various agencies for improvement of education, employment, health, housing and economic resources.

Ray Prewitt of the Community Services Division of the Texas Department of Community Affairs told 75 persons attending Thursday's meeting that 17 counties in the U.S. maintain CSTE projects, but only one of them is in Texas: Red River County.

He said CSTE is interested in establishing other projects in the state to illustrate that the success achieved in Red

River County was not isolated.

Since the CSTE project began there in 1971, Red River County had added five new industries employing 800 people, increased its population and boosted sales tax income by 30 per cent in

the county seat, Clarksville.

The West Texas four-county area will be a pilot project, Prewitt said, because more than one county is involved.

Normally, one county begins a project and other counties may join in later. He said the common interest of the four local counties makes the situation well suited for a joint effort.

Prewitt told the group that the grant will finance the first year of operation for the project and that the state committee will provide additional funds for the second year.

At the end of the second year, the program will be evaluated. If the four-counties feel it should be continued, part of the funds will be sought from local sources, he explained.

A 13-member committee was formed Thursday night to hire a project coordinator and oversee the operation. Committee members include the four county judges; C. O. Richards of Stamford, president of Brazos West Economic Development

Council; and two private citizens from each county. County judges are B. O. Roberson of Haskell County, Leon Thurman of Jones County, Warren Frazier of Stonewall County and Sam Clonts of Knox County.

Citizen members of the committee, chosen in county

caucuses Thursday, are Alton Byrd of Rochester and the Rev. Joe Aalbe of Sagerton, from Haskell County; Doug Myers of Munday and J. B. Tabor of Knox City, from Knox County; Charles Stenholm of Stamford and Joe Ford of Hamlin, from Jones County; and Dalton Gill of Aspermont and Tom Alvis of Old Glory, from Stonewall County.

Stenholm was chosen chairman of the steering committee with Aalbe as vice chairman and Richards as secretary.

The committee will meet Thursday night to select five nominees from applicants for the position. The nominees will be presented, along with the group's recommendation to the state office of CSTE for approval.

From the 13-member committee, a four-man screening committee was selected to interview applicants for coordinator. This committee plans to meet Wednesday night.

Stenholm said the steering committee will try to fill the position as soon as possible so

THURSDAY, AUGUST 22, 1974. PAGE 7
the family, was in critical condition.

The Rev. Burleson was minister of Houston's Lake Forest Baptist Church at his death. He was traveling alone.

Funeral services were held at Corsicana at 3 p.m. Monday.

Attending from Hamlin were Mr. and Mrs. Archie Carson.

Survivors are his wife, Bebbie, three sons, Johnnie D. of Granbury, Jerry of Abilene and Jackie of the U. S. Navy; and six grandchildren.

Singing Sunday

A singing at Neinda Baptist Church will be held at 7:30 p.m. Sunday. Everyone is invited.

GOODYEAR FIELD HAZARD GUARANTEE

All Goodyear Super Tugger, Power Tugger, and Super Grip rear tractor tires (except those branded or stamped "Tire" or "Not adjustable" or "Not for farm use") are guaranteed against damage resulting from field hazards up to 12 months from date of purchase, excluding such damage resulting from the use of the tire on a vehicle which has been involved in a collision, explosion, fire, or other accident, or damage caused by the tire being run over by another vehicle, or damage caused by the tire being run over by a vehicle which has been involved in a collision, explosion, fire, or other accident.

At our option, we will repair or replace a tire adjustable under this guarantee or replace it with a tire of comparable grade and size, computed on Goodyear's standard "Tire Exchange Price" for Adjustment current at the time of adjustment, plus \$0.32 per tire for shipping and handling.

The actual retail selling price of the comparable tire less \$0.32 per tire.

Damage of 75% or more tread remains in the first 24 months of service, a 50% charge is made for the cost of replacing the tire.

Damage of 50% or more tread remains in the first 36 months of service, a 75% charge is made for the cost of replacing the tire.

Applicable taxes and services are not included. This guarantee does not in any way extend to consequential damage resulting from the use of the tire on a vehicle which has been involved in a collision, explosion, fire, or other accident.

Claims by this guarantee extends only to tires in agriculture use, excluding logging, industrial and pulling applications.

Subject to the terms and conditions of liability, express or implied, applicable to these products, and subject to the right of the manufacturer to make any agreement except to the contrary in writing.

**Freddy Webb
Selected for
Top Honor**

Freddy Webb, son of Mr. and Mrs. Gus W. Webb, Rt. 2, was notified that he will be featured in the eighth annual edition of Who's Who Among American High School Students for the academic year 1973-74.

Webb, who attended the sixth through 10th grades in Hamlin, is a senior in Roby High School. He is active in football, basketball and FFA.

**Algaecide
Available
For Tanks**

Applied Biochemists, Inc., has received Environmental Protection Agency (E.P.A.) registration for a copper complex for the control of algae in stock watering tanks, troughs, and ponds is available at Pied Piper Mills.

Stocktrine answers a major animal health need—ridding water of potentially dangerous algae without endangering livestock. Each year, numerous cases of toxic algae poisonings are noted by stock growers and veterinarians. All animals, including poultry and other fowl, can be affected. Maladies range from off-flavor or tainted milk to reduction of weight gain, intestinal ailments, and even death.

Research Can Win
The death rate from uterine cancer has been cut drastically because a researcher discovered a test for early detection. Help spur the search for other cancer tests by supporting the American Cancer Society's programs of research, education, and service.

- No waiting to use water
- Easily applied

Algae exotoxins are highly toxic to stock animals, many of which have been victims of algal poisoning, resulting in weight loss, failure to gain weight, tainted milk, or death. STOCK-TRINE is a safe way to control algal growth in stock drinking water. When properly used, it is non-toxic and non-poisonous to fish and wildlife. STOCK-TRINE is easily applied to any body of water.

**UNDERSTANDING
MENTAL HEALTH**

Bertram S. Brown, M.D., Director
National Institute of Mental Health

**Mental Health
and Happiness**

Mental health is constant happiness. True or false?

That was one of the items in a test of mental health knowledge. You might suppose everyone would know that a sensitive, mature person often experiences unhappiness, just as he may occasionally feel tension, anxiety, or grief.

Of 5,000 people tested, however, nearly 1 in 5 checked the statement as "True." The question is an intriguing one. It deserves further examination.

We all know people who seem to be miserable and unhappy when the circumstances of their lives are not all that bad. They cope with their problems in self-defeating ways. They have distorted perceptions of reality which cause them to overlook or react improperly to opportunities.

These are the people who could be reasonably happy most of the time, as others are whose lot in life is much the same.

The key word is "circumstances." There are situations in which desperate unhappiness is a sign of positive mental health. What could be expected of prisoners in the notorious death camps of Nazi Germany during World War II? Not constant happiness.

Yet it is often those situations of extreme hardship that really test—and sometimes ultimately strengthen—one's mental health. It has been said that, even in the worst circumstances, it is never necessary to be desperately unhappy for more than a brief time.

You won't be happy in the usual sense, but you may work out a courageous acceptance of things as they are and refuse to be beaten in spirit though you may be beaten by every other measure.

W. E. Henley meant something like that when he wrote in his memorable *Invictus*: "In the fell clutch of circumstance I have not winc'd nor cried aloud; under the bludgeonings

of chance my head is bloody but unbowed."

Most of us are spared experiences such as the Nazi death camps and whatever horrors Henley had in mind when he wrote *Invictus*. Still, it isn't easy to maintain the highest level of positive mental health amid all the turmoil and frustrations of our modern times.

A colleague of mine recently put it rather eloquently, I thought, when he simply said: "It is my philosophy of life that I will always try to have more good days than bad days."

**Registration
Now Open At
WT College**

S N Y D E R — Pre-registration for fall students at Western Texas College opened Monday and will continue through Aug. 29 from 1-4 p.m. daily. Students who wish to pre-register are asked to go first to the offices of Dr. Mary Hood or Jerry Baird, college counselors, in rooms 102 or 103 in the Student Center. Class schedules will be worked out with the counselors and cleared through the registrar's office and fees will be paid at the business office.

Students who pre-register will report on regular registration days only to pick up parking permits and to have pictures made for identification cards and for the annual.

"We encourage students to pre-register whenever possible," Dr. Duane Hood, Dean of Student Services and Registrar, said. "Pre-registration will save the student time and give him the best opportunity to work out a schedule.

**... a first in hunting
is SAFETY!**

- Make certain that all ammunition has been removed from firearms before storing.
- Never carry a loaded firearm in a vehicle.
- Always keep the safety "ON" while carrying your firearm.
- When it is necessary to climb a fence while hunting always put the safety "ON" and place the firearm on the ground pointing away from other hunters.
- When hunting with other people keep abreast of each other, never get ahead or fall behind.
- Make certain your firearm is unloaded when cleaning or making repairs.

Don't be shy about pointing out unsafe habits of other hunters, they may not realize the dangers they are putting other hunters in by negligent conduct. Hunting is a safe sport when safety precautions are observed.

**Have a college grad's career
without 4 years of college.**

In the last ten years a revolution in science and technology has opened up thousands of new careers.

Careers that require only a year or two of technical education.

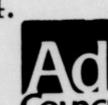

Careers that can pay as much as a four-year college graduate earns.

Careers as technicians.

In fields like medicine and architecture, chemistry and ecology, urban planning and nuclear research, to name just a few.

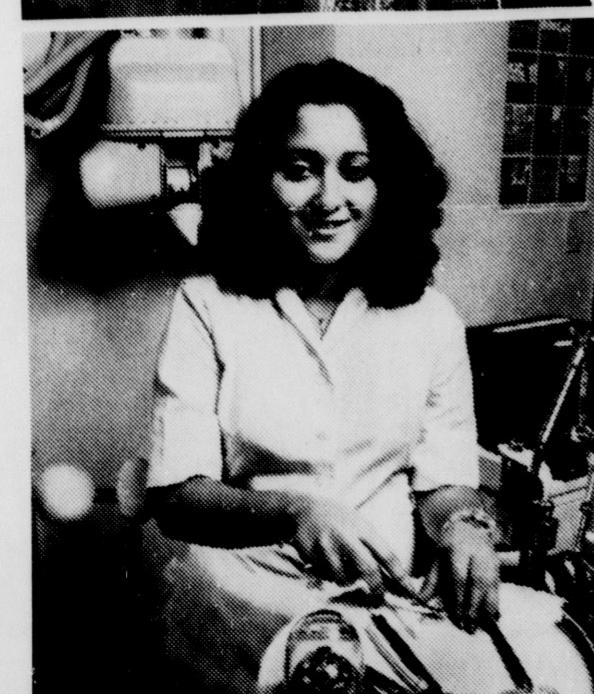

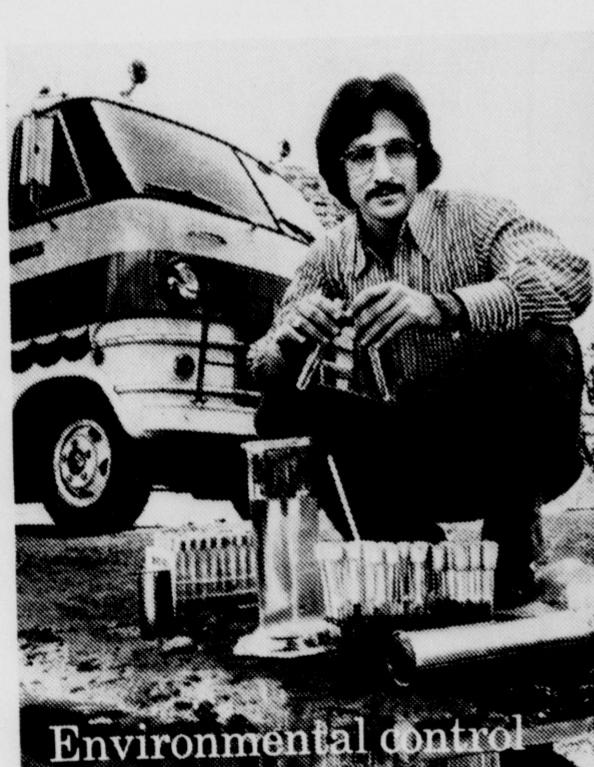

A free booklet called "25 Technical Careers" tells all about it.

For your free copy write: Careers, P.O. Box 111, Wash., D.C. 20044.

15th Annual Cattlemen's Round-Up Now Underway

As the fifteenth annual Cattlemen's Round-Up for Crippled Children gets underway, officials of the West Texas Rehabilitation Center in Abilene, Texas expressed a guarded optimism concerning the fall sale of livestock to benefit the Center.

Charlie Morris of Abilene, general chairman, said, "This has been a tough year on the cattleman, but our rancher friends have always stood by the Center in drought and plenty." Morris added, "Our Round-Up supporters know how important this fund-raising event is to the continuing operation of the Center, and I'm confident they'll do the very best they can."

The idea for the Cattlemen's Round-Up for Crippled Children originated

in the fall of 1960 when cattlemen all over the Southwest joined together to donate livestock to be sold to benefit the Center. Since then the unique Round-Up has been a major source of income each fall for the private, non-profit out-patient diagnostic and treatment facility.

The cattleman has played a major role in making the West Texas Rehabilitation Center one of the largest and finest facilities of its kind in the Southwest. Since the Center first opened its doors in 1953, more than 21,000 handicapped persons from all over the Southwest have been treated. Last year alone 4,493 individuals were served, emphasizing the phenomenal growth of the multi-faceted facility, especially within the past five years. During 1973, patients were admitted from

122 cities in 51 Texas counties, as well as from eleven other states and two foreign countries. There are no geographical limitations.

Any one needing help gets it regardless of age, race, creed, color, or ability to pay. A referral by a physician or any accredited referring agency is the only entrance requirement.

"Since it has been a matter of policy from the beginning not to charge patients for therapy, the Center is primarily dependent upon the general public for its support," explained Shelley V. Smith, Executive Director. Smith added, "Since the sale of donated livestock comes in the last quarter of the year, its success determines whether we meet the budget or not. We can continue to grow and serve only as our friends give us a helping hand."

The 1974 operational budget for the Center is \$648,000. Last year's Round-Up raised almost \$125,000.

The Cattle Sale is set for September 30, with the Horse Sale to follow on October 5 and the Sheep and Goat Sale on October 14. The Center has the facilities to pick up livestock at any time.

More information may be obtained by writing the West Texas Rehabilitation Center, 4601 Hartford, Abilene, Texas 79605, or calling (915) 692-1633.

Hamlin area chairmen for the Round-Up are Bill Feagan and Cecil Sellers.

WASHINGON, D.C.—Congressman Omar Burleson recently reported on the meeting held in Washington involving three West Texas Congressmen, several farmers from West Texas and officials of the Department of Agriculture. Because of the great amount of difficulty being experienced by those in disaster areas because of crop losses due to weather conditions, the specific problems were discussed in efforts to reach some better understanding.

Congressman Burleson, Congressman George Mahon and Congressman Bob Poage, Chairman of the House Agriculture Committee, were on hand to discuss the difficulties farmers are having with the disaster program which have mainly been due to the fact this is the first year the program has been used under the new Farm Bill.

One direct result of this exchange of ideas has been the computation where a substitution of crop is involved.

Agriculture officials, consisting of Under Secretary J. Phil Campbell, ASCS Assistant Deputy Administrator Programs Victor Senegal, ASCS Associate Director Glenn Weir, and George Melvin with ASCS Programs, also advised that there would be a change made in the sign-up or certification date from July 15 to September 1 to sign up for

cotton, as to how much cotton had been planted.

With regard to grains, farmers can now wait to certify until they come in for a payment. In other words when they apply for disaster payment, that is equivalent to certification. Also, a procedure was approved to allow farmers to have their crops reappraised. The Department has waived a requirement which disallowed reappraisal.

Congressman Burleson indicated it was of real benefit to have those farmers from West Texas make the effort to come to Washington to discuss firsthand the specific problems being encountered in the program and commended them. Those attending the meeting were Mr. C. A. Daugherty of Scurry County, Mr. Donnell Echols of Dawson County, and Mr. Donavon Phipps of Dawson County.

ENERGY CRISIS DOUBTED — A Houston and Colorado County survey by the governor's energy advisory council showed Texans think the energy crisis of recent months was phony.

The questionnaires indicated citizens doubt truth of information from both the government and oil companies on energy supplies and judge the situation largely on availability of oil and gas products.

100 years of moving wheat

Santa Fe all the way

Back in the 1870's when the Mennonites began their migration from Europe to America—Santa Fe was there!

A representative of the railroad traveled abroad in those early days to influence homeseekers to settle along the pioneer rail routes being built westward across Kansas. The Mennonites were seeking freedoms of a new country and liked what they learned about America.

Santa Fe helped with their transportation, even chartering a special ship for the Atlantic crossing.

Santa Fe built special housing facilities in the settlement areas of Kansas and sold land, much below actual values, to the new homeseekers.

Santa Fe moved supplies for the home builders at reduced prices, sometimes for free.

Developing this new land back in the 1870's was not without hardships for the early Mennonites or for Santa Fe's pioneer rail builders. At that time, hardly anyone realized that their efforts would be rewarded through a few sacks of wheat seed which thrived in Kansas and spread to help make mid-America the breadbasket of the World.

100 years of moving wheat

Wheat is usually moved in a short period of time to meet harvest deadlines, export schedules and marketing requirements. These conditions make great demands on the railroads and it takes Santa Fe's modern facilities, an up-to-date car fleet and skillful employees to get the wheat job done year after year.

During the past century many things have been done to move wheat efficiently. Two examples stand out in Santa Fe's history:

(1) The giant 100-ton covered hopper car first introduced for moving wheat in 1963. Today, Santa Fe has 12,000 of these cars in service, the largest fleet in the rail industry, and 1,000 additional are now on order. Altogether these 13,000 hoppers have a capacity equivalent to approximately 21,000 conventional box cars.

(2) One of Santa Fe's greatest achievements in handling grain was completed earlier this year when we moved a record-breaking billion bushels, a total of 350,000 carloads, in just twenty months.

Those few sacks of seed of Turkey Red hard winter wheat carried to America by early Mennonite homeseekers started one of the greatest agricultural developments in the nation. It's a history the Santa Fe has been proud to be a part of the past 100 years—all the way!

Brad Rowland Reports On Disaster Aid

Brad Rowland of the Jones County ASCS office in Anson, told 30 farmers at the Hamlin Ag Club Monday meeting that disaster payments will be paid to cotton producers this year. He advised everyone to be sure that they had all their crops certified before Sept. 1.

Some cotton farms in the county have been or will be appraised by the ASCS as complete failure and will be plowed up. In most other cases, payments will be made on the difference between the total projected yield and this year's total production if it does not exceed 50 per cent of the projected yield of the projected yield.

Rowland emphasized that anyone not certain what they

should do should go to the ASCS office and discuss their individual situation.
